Paper presented at the 2nd Education & Vitality Forum, Concordia University, Montreal, November 3 - 5, 2021

The vitality of Linguistic Communities

- The vitality of a language community is defined as: « that which makes a group likely to behave as a distinctive and active collective entity in intergroup settings.» (Giles, Bourhis & Taylor, 1977)
- The 3 pillars of group vitality are: Demographic factors, Institutional control factors & Status Factors which contribute to strong or weak vitality of linguistic minorities. (Bourhis, et al., 2019)
- The more vitality a language community enjoys, the more likely it is that it will survive and thrive as a collective entity in a given intergroup context.
- Conversely, language communities that have little vitality are more likely to eventually cease to exist as distinctive language groups (Bourhis & Landry, 2012)

Figure 2. Number & percentage of Quebec population by mother tongue (L1). Canadian Census: 1971 – 2016 (Anglophone FOLS 1996 = 925,830 (13.1%); 2016 FOL = 964,120 (12%) (Bourhis, 2019)

Mother tongue (L1): First language learned at home in childhood and still understood at time of census

Language laws eroding access to English schools in Quebec: Bill 101

Up to 1960s, Francophones, Anglophones, Allophones & Immigrants had **freedom of choice** to attend English or French public schools.

However, only Catholics could attend French Catholic schools. All others were excluded. Most non-Catholic Anglophones, Allophones and Francophones were assigned to English Protestant schools (Mallea, 1984).

In 1977, the Parti Québécois Government adopted Bill 101 banning Francophone majority and immigrants from attending English schools at primary & secondary level (grand-father clauses applied to siblings; Bourhis, 2012).

Bill 101 stipulated that **Anglophone pupils** could attend English schools **only** if **one parent had spent most of its primary schooling in English within Canada:** what is know as **'English eligible students'** (**'Canada clause'** court challenges).

Greater Decline of English than French School Systems in Quebec

- 1.Both French and English schools systems declined from 1971 to 2018
- 2. In 2018, French school system dropped from its **1.3 M** baseline in 1971, to **940k** pupils by 2018, or **68.4%** of its original enrollment in 1971!
- **3.** From **100%** baseline of **256,000** pupils in **English schools** in 1971, there were only **96,235** pupils left in the system by 2018, or only **37.5%** of the original baseline, or a **62.5% drop**. This is largest drop in an English medium school system in Canada!!
- 4. By 2018, 87% of Allophone students shifted to French schools. Bill 101 succeeded in banning Allophone & Francophone access to English school system !! (Bourhis, 2019).

Why greater decline of English than French School Systems?

1.Drop in birth rate (to 1.4) & **low immigration to Quebec** help account for French & English school enrollment decline in Province.

2. Bill 22, Bill 101, Bill 104 & Bill 115 restricting access to English schools contributed to steeper enrollment decline in English school system.

3. Departure of Anglophones from Quebec to Rest of Canada (ROC) (loss of 350k from 1966-2016) also account for decline of English school system.

May 13, 2021: CAQ Québécois French Nationalist Government tabled Bill 96

- Bill 96 Freezes size of 5 English CEGEPS. Note that post secondary education is NOT protected by Article 23 of 1982 Canadian Charter
- Bill 96 will cap growth of **5 English CEGEPS** to **8.7%** per year until 2029. Penalties imposed on English CEGEPs that surpass this cap on growth (s.56,160).
- Prime Minister Legault said: « Bill 96 is clear anglophones represent 8% of Quebec and they will get 8% of new spots in the future » (Montreal Gazette, June 18, 2021).
- This cap will gradually reduce the number of places available in 5 English CEGEPS
 and reduce student access through higher academic competition for:
 Anglophone, Francophone and Allophone students.

May 13, 2021: CAQ Government tabled Bill 96

- Bill 96 gives priority access to English CEGEPS for « English eligible students ». Those having one parent who attended mostly English schooling anywhere in Canada. (s.62)(Bill 101)
- This 'English eligible' criteria is too narrow to allow ALL Englishspeaking students to gain priority access to English CEGEPs.
- It excludes candidates who are only: English mother tongue; English FOLS; or graduates of English secondary schools; or self identified Anglophones.
- Such English speaking students will compete with Francophone & Allophones students for even fewer spaces in downsized 5 English CEGEPS

June 18, 2021: Decree freezes size of English CEGEPS for 10 years and adds extra 21,814 places to French CEGEPS in Montreal.

June 18, 2021: CAQ Higher Education Minister McCann adopts decree that *freezes size* of English CEGEPS for 10 years!

- CAQ government adopts decree freezing enrollment in the 5 public English CEGEPS to 2019 level of 26,945 places across Quebec until 2029:
 No growth at all is allowed! (Montreal Gazette, Journal de Montreal, TVA, 18 juin 2021).
- This **freeze** is designed to **reduce** the size of **5** English CEGEPs from **17.1%** in 2019 to **13.4%** in 2029!
- This decree **supplants Bill 96 clause** capping to **8.7%** the annual *growth* in English CEGEPS up to 2029.
- The **43** Francophone CEGEPS are provided with extra 21,814 places, growing the French network from 130,972 places in 2019 to 173,665 in 2029!!
- 2019 Higher Education data: 10% of English L1 students attend French CEGEPS. 6% of Francophone L1 students attend English CEGEPS

CAQ *Minister McCann* adopts decree on June 18, 2021 reducing English CEGEP places from 17.1% in 2019 to 13.4% in 2029

McCann: « En vertu du projet de loi 96, les membres de la minorité historique anglophone auront priorité au moment de l'admission dans un cégep ou l'on enseigne dans la langue de Shakespeare.' » Le Journal de Montréal, 18 juin, 2021 p.3. et TVA Nouvelles(1)

What does Minister McCann mean by 'Anglophone Historical community'?

P.M. Legault said they are: « People who are eligible for English schooling in Quebec. It's defined in Bill 101...It's people who learned English or went to English schools in Canada » « He agreed that a person born in another country whose mother tongue is English would not be eligible for education & health care in English « Authier, Montreal Gazette, October 20, 2021

Québécois French government *restrictions* on access to English primary and secondary schools, and now *freeze* of size of 5 English CEGEPs, requires Anglophones and Allophones to reconsider their PROSPECTS as linguistic minorities in Quebec! Here are FIVE Ideological clarifications worth considering.

We propose FIVE Ideological clarificationThemes to consider (Fishman, 2001) 1. Sociolinguistic situation of French & English communities in Quebec

- 1.1. **Anglophones** and **Allophones** minorities who stayed in Quebec have proven they **accept** the imperative of maintaining the status and use of **French** and the **majority of them became bilingual**!
- 1.2. The **English speaking communities of Quebec** (ESCQ) are **not responsible** for the substantial **status** and **spread** of the **English language** in the **world** including within **Canada** and in **Quebec**.
- 1.3. French in Quebec will always be a minority language relative to English and Spanish in North America.
- 1.4. Eroding the status and institutional vitality of the English speaking minority will never be sufficient to neutralise the international drawing power of the English language for Francophones & Allophones in Quebec!

Ideological clarification 2. Québécois Francophone Rhetorical Strategies

- 2.1. Québécois Francophone national discourse invokes threat to French language and identity from the presence of the English language and immigrants of different linguistic, ethnic & religious background in Quebec.
- 2.2. Québécois Francophone discourse invokes this threat to the French language as *justification* to erode the institutional vitality of the English speaking minorities of Quebec (ESCQ).
- 2.3. Quebec Government laws **reducing access** to **English schools and CEGEPS** illustrates how the **Francophone majority** can use its **minority status** at the **Canadian** & **USA** level, to **justify undermining** the **educational system** of the ESCQ at the **Provincial level**.

Ideological clarification 3. Québécois Francophones: Paradigm Shift from « Fragile majority » to « Dominant majority »

- 3.1. Quebec laws undermining and restricting access to minority English schools and CEGEPS are *legitimized rhetorically* by invoking that **Québécois francophones** are a « **fragile majority** » in the Province when considered in its North American context.
- 3.2. Can a *formerly subordinated majority* such as **Québécois francophones** accept that it has **gained** linguistic, institutional and economic *dominance* within its own territory of Quebec ?
- 3.3.Can Québécois francophones accept a *paradigm shift* by reframing their status position from a « fragile majority» to that of a dominant majority?
- 3.4. Québécois francophones are a dominant majority imbued with the psychology of a besieged minority armed with all the tools of the Quebec STATE

Ideological clarification 4. Francophones can reframe Anglophone & Allophone minorities as assets, not threats

- 4.1. Can Québécois Francophone dominant majority develop the cultural security to view its own *linguistic minorities* as a responsibility rather than *threatening liabilities*?
- 4.2. Can Québécois Francophones « *reframe* » Anglophone and Allophone minorities as **assets** contributing to *economic and cultural* development of Quebec? Such 'reframing' will make young Anglophones and Allophones feel more accepted in Quebec.
- 4.3. Québécois francophones acting as a secure dominant majority could view investment in the institutional vitality of its linguistic minorities as building social cohesion and enhancing the adaptability of Québécois society within North American economy.

Ideological clarification: 5. Right of Anglophones & Allophones minorities to also OWN Quebec as their HOMELAND!

- 5.1. Anglophone, Allophone minorities born in Quebec have the **right** to consider Québec as their **homeland** as much as the Francophone dominant majority. **All pay taxes**.
- 5.2.Quebec Anglophones and Allophones **built** many of their **own institutions** since the **19th century**. They have the *collective right* to **protect** and **develop** their languages, cultures and institutions. This without being « **stigmatized** » as « **traitors** » to Québécois French dominant majority.
- 5.3. **Leaders** of the ESCQ *have the right* to develop the organizations they need to promote the **defence** and **development** of their **institutional vitality in:** education, health care & social services, judiciary, municipalities, politics, economy, cultural & sport industries & within Quebec public administration.

Ideological clarification

5. Right of Anglophones and Allophones minorities to also OWN Quebec as their HOMELAND

- 5.4. Quebec Anglophone & Allophone minorities born in Quebec are as much part of 'La Nation Québécoise' as are the Francophone dominant majority and ALL have equal rights and duties.
- 5.5. Quebec Anglophones & Allophones minorities along with Francophone majority have the right to endorse multiple national & cultural identities including to Quebec, to Canada & to other countries of origin without stigma or exclusion!

MERCI THANK YOU GRACIAS GRAZIE

Statistics Canada 1971 - 2016. SRQEA, 2021

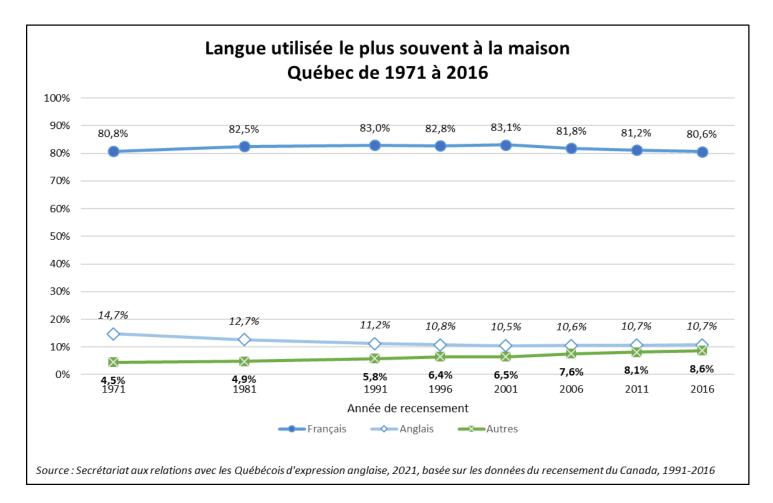

Fig.6. Langue utilisée le plus souvent à la maison (SRQEA, 2021).

- 1. En nombre absolus, l'usage du *français* à la maison passe de 4,9 million d'individus en 1971 à 6,5 million en 2016.
- 2. En nombre absolu, l'usage de l'anglais à la maison décroit et passe de 888 000 individus en 1971 à 867 000 en 2016.
- 3. Le nombre de personnes déclarant utiliser autres langues à la maison passe de 270 000 individus en 1971 à 697 000 en 2016. Allophones: de 373k en 1971 à 1.05 million en 2016.

May 2021: CAQ Government tabled Bill 96: French common language of Quebec

- Bill 96: 'English eligible students' attending English CEGEPS will not have to take a French Competency test in order to obtain their college diploma.
- But **Allophone**, **Francophone** & other **non 'English-eligible**' students will have to pass a French competency test.
- So English CEGEPS will have two types of Diplomas based on French competency test: One with test, other without!
- Guy Rocher, the Parti Québécois, the 3 major Trade Unions of Quebec, many
 Professional corporations, French CEGEPS, scholars and intellectuals would like to use
 Bill 101 clause to ban Francophones and Allophones from attending English CEGEPS.
 Pressure on CAC to strengthen Bill 96
- La Fédération des cégeps et Le regroupement pour les cégep français déplore que les collèges privés anglophones non subventionnés soient exemptés de ce gel des place et accueillent trop d'étudiants étrangers. Journal de Québec, 14 mai, 2021. 27

June 18 2021: Decree *freezes size* of English CEGEPS for 10 years supplanting CAP on GROWTH of English CEGEPS proposed in Bill 96

CAQ governement *Minister McCann* adopts decree on June 18, 2021 reducing English CEGEP places from 17.1% in 2019 to 13.4% in 2029

« Il y a une augmentation importante dans les cégeps anglophones dans les dernières années (17.1%). Alors on voit que ça *dépasse* la proportion de la population anglophone au Québec. Nous (CAQ) on souhaite rééquilibrer tout ça (à 13.4%). Parce que la proportion de la population anglophone, au Québec, c'est a peu près 13%...» (1)

- « En vertu du projet de loi 96, les membres de la minorité historique anglophone auront priorité au moment de l'admission dans un cégep ou l'on enseigne dans la langue de Shakespeare.' » (1)
- « Les étudiants francophones auront toujours le droit d'aller dans les cégeps anglophones, mais c'est sûr qu'il y en aura moins » (1)

What does Minister McCann mean by 'Anglophone Historical community'? On October 20, P.M. Legault said they are:

« People who are eligible for English schooling in Quebec. It's defined in Bill 101...It's people who learned English or went to English schools in Canada » « He agreed that a person born in another country whose mother tongue is English would not be eligible for education & health care in English « Authier, Montreal Gazette, October 20, 2021

1.Danielle McCann, ministre de l'Enseignement supérieur. Le Journal de Montréal, 18 juin, 2021 p.3. et TVA Nouvelles: Gel des places dans les cégeps anglos. 18 juin, 2021.

CAQ governement *Minister McCann* adopts decree on June 18, 2021 reducing English CEGEP places from 17.1% in 2019 to 13.4% in 2029

« La ministre ne s'en cache pas, l'enjeu est surtout d'éviter le *transfert linguistique* des immigrants vers l'univers (des Cégeps) anglophone, surtout à Montréal. » Journal de Montréal, 18 juin. 2021

« C'est sûr qu'en augmentant les places dans les cégeps francophones (+21,814), on veut attirer d'avantage d'étudiants allophones. C'est notre objectif »

McCann fait valoir l'importance pour Allophones de maitriser la langue française au CEGEP pour décrocher un emploi et « mieux s'intégrer à la société québécoise »

1.Danielle McCann, ministre de l'Enseignement supérieur. Le Journal de Montréal, 18 juin, 2021 p.3. et TVA Nouvelles: Gel des places dans les cépeps anglos. 18 juin, 2021.
