

YOUR FAMILY MAKES A DIFFERENCE

Your family is your child's first teacher and the biggest support. Your child needs you.

YOU ARE IMPORTANT!

You can help your school make the best decisions for your children and their friends.

YOU HAVE THE SKILLS & STRENGTHS

What are you good at doing?
Coding, designing or sewing?
Painting, building or mechanics?
Writing, organizing events or
talking to other parents?

Share your skills with your child's teacher and the school. There may be opportunities that we haven't thought of yet!

YOUR CHILD WANTS TO BE LIKE YOU...

Show them how to value education:

- Review their homework
- Ask about the school day
- Communicate regularly with their teachers
- Show interest in events at their school

They will follow your example!

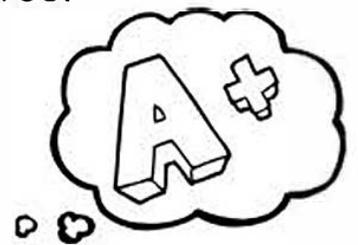

... AND YOU WANT THEM TO BE BETTER

Research shows that when families are involved:

- Students have better grades
- Attendance is higher
- Children learn positive relationship skills
- More students graduate

The results show immediately and for years later!

INSPIRE CHANGE & CREATE COMMUNITY

We are all different! But often our needs and our goals are the same! Suggest activities and workshops that help meet the needs of your family. Your ideas will also help other families in the school!

We want a community that is welcoming, open, flexible, and genuine! Parents can relate to each other and help others with transitions, finding resources, and understanding school processes!

WHAT ARE YOU WAITING FOR?

Talk to your school staff about your ideas and needs!
