

BUILDING ON QUALITY

Quality concerns all of us involved in education — teachers and parents alike. It is the focus of so much of our concern; how best we can maintain, improve or build on it.

Recent surveys of our students at Concordia indicate that they too are looking for quality. In fact, many of them confirmed that it was the quality of a particular programme that made them choose to study at Concordia. We're glad they feel that way. It gives us something vital to build on.

With half our student population following degree programmes on a part-time basis at day and night classes, diversity and flexibility are strengths for which we have always been known. To these, it is satisfying to be able to add quality. Undoubtedly, the challenge ahead will be for Concordia to build on this in a way that best meets the expectations of us all.

For more information about Concordia, please contact the Liaison Office (514) 482-0320, local 245.

QUESTION: In which Quebec CEGEP can an English-speaking person follow courses in both French and English languages?

QUESTION: In which Quebec CEGEP does one find English-speaking post-secondary students from other parts of Canada who study 60% of their curriculum in French and the remainder in English?

ANSWER: CEGEP GASPÉ

- Quebec's only bi-ethnic CEGEP
- Growing since 1968
- Preparing young men and women in all pre-university programs and in the technologies, business administration, data processing and secretarial
- Boasting residential facilities for 500 students, one half its student body
- A sports complex with semi-Olympic pool, weight room, two gyms, sauna
- Aquatic sports and challenging downhill ski course

President's Message

On behalf of the Board of Directors may I welcome all of you — delegates, members, observers and guests — to the 40th Annual Conference of the Quebec Federation of Home and School Associations (QFHSA).

Home & School — is a link between the immediate partners in the education of children — the parent and the teacher. The partnership begins at the level of the local school association, expands to the provincial level (QFHSA) and forms a chain or network with Home & School Associations nationwide through the Canadian Home and School and Parent-Teacher Federation.

For forty years QFHSA has promoted this partnership wherein we have shared a common concern for the education and welfare of children. As parents we have worked diligently to ensure that foreseen changes bring positive benefits for the educational and general well-being of our children. The challenge is to remain true to the goals provided by those who came before us in Home & School and to move forward with renewed optimism.

One of the major ways of shaping Home & School in a positive way is to bring together parents, educators, guest speakers, panelists and workshop animators in a conference setting. By listening, discussing and socializing we enrich and broaden our horizons for the benefit of family, school and community.

The conference committee is to be commended for all its efforts in making this 40th A.G.M. a memorable event.

Sincerely, **Marion Daigle**

"PARTNERS IN THE EDUCATION PROCESS"

GORDON PATERSON AWARD
for outstanding service to the education of children
CONSTANCE MIDDLETON-HOPE

Connie Middleton-Hope has a record of long and distinguished service to the educational community in the province of Quebec. A fluently bilingual native Montrealer, she graduated with a B.A. from Marymount College in Tarrytown, N.Y. She worked for a number of years in the field of public relations and advertising. In 1961 she obtained a teaching certificate and soon joined the Lakeshore School Board. From 1962-71 she was on the staff of Macdonald High School, first as a teacher and later as a department head for social sciences. During this period she also served on the executive of the Lakeshore Teachers Association and was a member of the MEQ curriculum committee on social sciences. After obtaining a M.Ed. in social sciences from the State University of New York, she served two years as vice-principal of Sunnydale Park Elementary.

In 1974 she was appointed vice-chairman of the Superior Council of Education, a body responsible for advising the Minister of Education on all matters concerning education. At the same time she served as a part-time consultant on moral and religious education to the Lakeshore School Board. From 1977 to 1979, as Secretary-General of the LSB, she was responsible for all official records as well as for a variety of legal and administrative duties pertaining to educational legislation and policy. In 1979 she assumed the role of Deputy Director General of the School Council of the Island of Montreal. In addition to the regular administrative duties she had special responsibilities in areas of planning and research on day care centers, research on needs of ethnic minorities and coordination of services to the anglophone community. In 1982 she was appointed chairman of the Protestant Committee of the Superior Council of Education. She is the author of many articles and reports on educational matters and has spoken at provincial, national and international educational conferences. She has also spoken to many parent groups, stimulating and encouraging their interest in the educational process.

The Gordon Paterson Award is intended to honor an outstanding educator who has encouraged parent participation in the education of their children and involvement with their school. Her record of long and dedicated service in the field of education makes Connie a particularly appropriate, and very deserving, recipient of this award.

LESLIE N. BUZZELL AWARD
for outstanding service to Quebec Federation
GISELA AMARICA

Gisela was born and educated in Europe where she studied agricultural economics. In 1952 she immigrated to Canada and began her long involvement with Home and School. A mother of nine children, she nevertheless found the time to become an active member of the Cartierville Elementary School local. From there she went on to become a founding member of the Morison Home and School Association. She served as a class mother, vice-president from 1974-1976 and president from 1976-78. She also served a term as chairman of the School Committee. As her children progressed through the school system, Gisela moved along with them, beginning a long relationship with the Malcolm Campbell High School local association, serving in a variety of posts culminating with her election as president in 1980, a position she again holds.

Gisela has served the Quebec Federation as a member of the Board of Directors and as a vice-president. Always willing to do more than her share, she has been a member of many committees, attending countless meetings on their behalf, including Constitution, Gifted and Talented Children and the Teaching of French as a Second Language. She also has represented Quebec Federation at the Central Parents' Committee of the PSBGM and has served on a committee at the CEGEP level as well.

Gisela's quiet manner, her concern for other people and her great interest in the welfare of all children have endeared her to all she has met in her Home and School activities.

The Buzzell Award is given annually to recognize service to Quebec Federation of Home and School Associations at the provincial level as well as the furtherance of the aims and objectives of Home and School. Gisela joins other worthy recipients of this award with her nomination in this 40th anniversary year of Quebec Federation.

These schools meet various parent and student needs that are sometimes different from those of the general population. What kinds of alternatives are possible? How do these schools function? How successful are they?</p> <p>* Mr. Hugh Macdonald, Director-General, Protestant Regional School Board of Western Quebec. "Quality Education in the Rural School" What is quality education? Rural schools have always played an important role in the delivery of quality education to the young people of Quebec. How can we insure that rural students are equipped to deal with the changes which are taking place? Should rural students be bused to regional high schools? How can parents realistically influence the education of their children?</p> <p>* Professor Norman Henchey, Department of Administration and Policy Studies in Education, McGill University. "What is a Good Curriculum?" Everywhere in North America there is concern about the quality of elementary and secondary education. Are students competent in the basics? What are the basics? Are parents abdicating some of their true responsibilities? Are they relying too much on the school to serve as a surrogate parent in important areas of their child's development? Jon Percy , Vice-President, QFHSA.	GAMES ROOM
	Speakers	Mrs. Pat McLarty , Family Life Educator and Social Counsellor. Mrs. Lu Oosterhoff , Community Office Co-ordinator, Beaconsfield High School, Lakeshore School Board.	
	Chairman/ Co-ordinator	8) COMPUTERS IN THE CLASSROOM: WHAT'S REALLY HAPPENING Come and meet the "turtle". LOGO is a computer language that empowers children. We will look at the hows and whys of using LOGO language on computers in the elementary schools of one school board. Long term plans and goals will be examined. One school's experience will be shared. Ann Gagné , Edgewater Home & School.	MALONE ROOM

SATURDAY, MAY 12, 1984

8:00-8:30 a.m.	BREAKFAST	Available in the cafeteria at the Campus Centre Building, Loyola campus of Concordia University.	
8:30-9:00 a.m.	REGISTRATION	On the second floor, Campus Centre Building. Coffee is available.	
9:00-10:30 a.m.	CONCURRENT WORKSHOPS	1) THE URGENT NEED FOR CANADIAN CONTENT IN LEARNING MATERIALS (this workshop will be repeated at 11:00 a.m.) This workshop will allow delegates the opportunity to: (a) explore and discuss the textbook selection process in Canada. (b) learn how many of our educational policies and decisions undermine a cultural role in Canadian learning materials and contribute to disunity among Canadians. (c) receive practical suggestions on how parents and Home & School Associations can help lobby for greater Canadian and regional content in our children's textbooks and reading materials.	FIDELE ROOM
	Chairman/ Co-ordinator	Alex Morris , Past President, QFHSA.	
	Speaker	Mr. Tom Wilkinson , Principal (P.E.I.), and Vice-chairman of the Canadian Learning Materials Society (Halifax). Mr. Wilkinson is a Past President, Canadian Home and School and Parent-Teacher Federation.	
		2) THE SCHOOL NURSE: AN ENDANGERED SPECIES A panel of three nurses will elaborate upon their work in their own respective school districts. We hope that you will acquire a picture of the current changes coming about in this province's health delivery system and ask questions concerning the future. Are we about to lose an integral person in our schools — namely the school nurse? Are we as parents qualified to step in as volunteers and fill the void?	MALONE ROOM
	Chairman/ Co-ordinator	Sylvia Adams , Membership Chairman, QFHSA.	
	Panel	Gay Elkas , Community Health Nurse, elementary school level (Caughnawaga). Pat Bannerman , School Nurse, elementary and high school level, Lakeshore School Board. Marguerite Parisée , School Nurse, Gaspé coast.	
		3) BRIDGING THE GAP: SECONDARY, CEGEP AND BEYOND The difference between career programs and pre-university programs. The régimes pédagogiques (parents are concerned that the programs now in high schools, which will be transferred to the CEGEPs, will not be in place) and how will it affect those students who wish to leave the province after CEGEP. Parents on the Board of Governors of CEGEPs: how is it working out?, what is their role?, are they fulfilling it?.	OASIS LOUNGE
	Chairman/ Co-ordinator	Fay Richardson , Chairman, M'ship Development, QFHSA.	
	Speaker	Mr. Luc Henrico , Director-General, John Abbott College and President, Council of Quebec CEGEPs.
