

# French Immersion Teen Camp

## Feasibility Study

Coasters Association Inc.  
October, 2008

## **Introduction**

Living in such an isolated area such as, the Lower North Shore, there is a lack of activities for all ages, but more so for the adolescent age. There are very few activities on the Lower North Shore that directly focuses on teenagers, so teens resort to other activities that result in social problems (i.e. drinking, drugs, vandalism, etc...). Therefore, a French Immersion Teen Camp would provide teenagers with activities and a program that is especially designed for them. Teenagers could have a chance to get away from the social problems and into a program that will nurture and develop a safe and healthy environment in which the teens can improve their health and obtain skills that will assist them in their future lives and also promote and develop their French as a Second Language skill.

There was a feasibility study conducted to help determine the interest and attainability of potentially implementing this camp via research and surveys. There were 2008 surveys sent to the population, 32 sent to the regional organizations and 71 to the community groups/businesses in the Francophone communities. The outcome of these surveys can be found in Section II and copies of the surveys can be found in the annexes. The results of the surveys were utilized to determine the needs, interest, a list of priorities and in which community (La Romaine, Tête-à-la-Baleine or Lourdes de Blanc Sablon) the camp will be established. An action plan has been developed for the program and a training program, an operational manual, and a day camp first aid guide were developed for the second phase of the project and are included in the package.

During the summer of 2008, there were partnerships formed (i.e. steering committee, resource partners) to assist in the planning and implementation of the Teen Summer Camp. Research has also been carried out on funding possibilities that could be available for the long term sustainability of the teen camp and various French Immersion programs as well.

The French Immersion Teen Camp is vital to the improvement of the overall well being of the teenagers on the Lower North Shore. It will provide numerous opportunities for them to explore and develop many skills for their future endeavors through a variety of activities, sports and language development.

## **Acknowledgments**

A special thank you to the Young Canada Works, Services Canada, the Anglican Church Diocese and the 2008 KIDS Summer Camp for providing the funding necessary to hire a coordinator and animator to undertake the French Immersion Teen Camp initiative.

The steering committee, Resource Persons and Community Partners must be applauded for their advice and assistance through this project.

We would like to express our sincere thanks to those who completed and returned the survey. It is very much appreciated and without your feedback this study would not have been possible.

Recognition must be given to the Coasters Association and staff whose help was invaluable to this project. We are extremely proud to have been part of this important initiative and working in such an enjoyable environment.

## **Results of Survey**

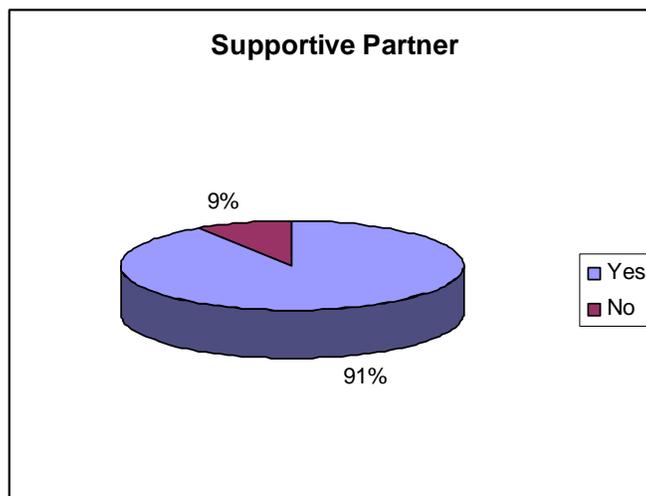

## Regional Organizations

There were surveys sent out to the thirty-two (32) regional organizations on the Lower North Shore and thirteen (13) were received. The following graphs show the results of the answered survey(s):

Comments:

- Would really like to see the French Immersion Teen Camp established
- Knowing a second language is a great advantage
- Second language is great to have when applying to college
- Gives the new generation a chance to learn a second language
- A second language can facilitate opportunities that may occur in a child's future

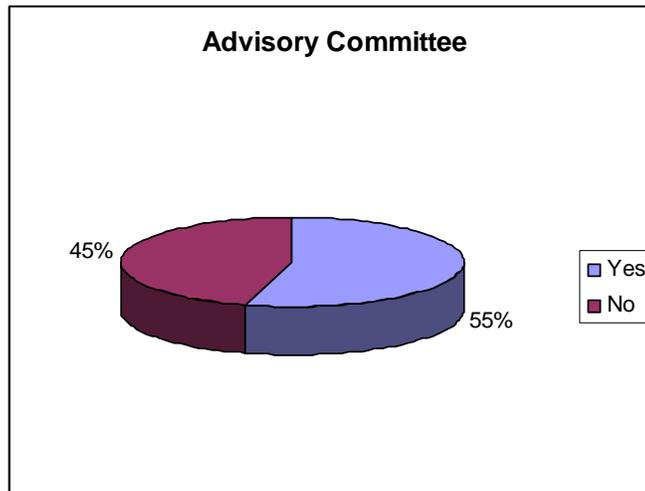

Here are services that the regional organizations are willing to offer:

- Office Space
- Prizes
- Assist in development of course outline
- Training/workshop facilitator
- Advertising
- Materials/supplies
- Equipment
- Financial Contribution
- Personal Time
- Meeting Space
- Transportation

Comments:

- It can help the tourism industry
- Some seniors may be interested in sharing expertise

The possibility of establishing an advisory committee was researched to assist with the planning and preparing of the implementation of the French Immersion Teen Camp. The following is a list of individuals who have agreed to be part of this committee:

- Cornella Maurice (Coasters Association)
- Rene Fequet (Municipalité de Bonne Espérance)
- Vicki Driscoll (CEDEC)
- Mélissa Lawless (CJE)
- Ghislaine Nadeau (Table Locale des Aînés de la Basse Côte Nord)
- Netagamiou CLC (to be determined)
- Frances-Ann Anderson (Domestic Aid)

Other Comments/Suggestions:

- Good luck with your efforts
- Would like to help coordinate project

## Community Groups/Businesses

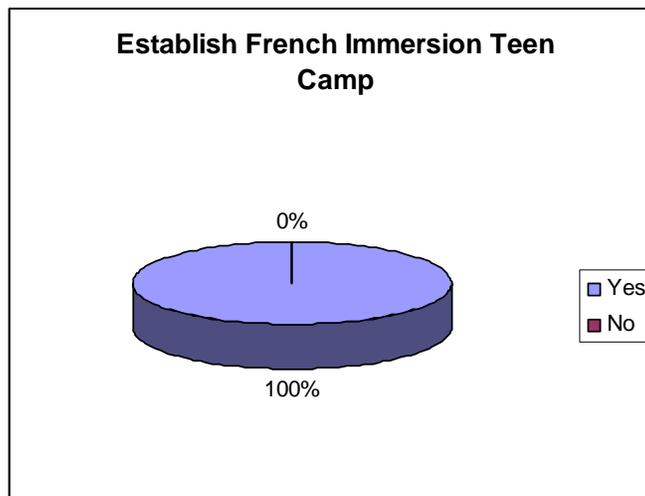

There were seventy one (71) surveys sent out to the community groups and businesses in the three (3) francophone communities, Tête-à-la-Baleine, La Romaine and Lourdes de Blanc Sablon.

### La Romaine

There were seventeen (17) surveys sent out to the community groups and businesses in La Romaine. Due to the duration of the project, the translation of surveys and the time requested to answer the survey there were no responses received.

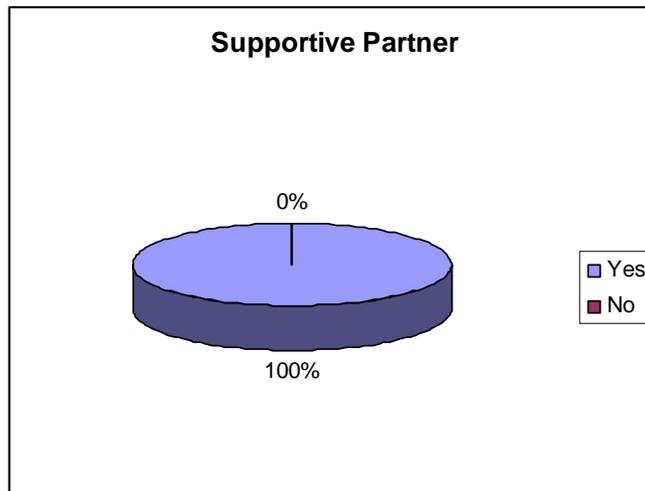

### Tête-à-la-Baleine

There were fourteen (14) surveys sent out to the businesses in Tête-à-la-Baleine and one (1) received. The following graphs show the results of the answered survey(s).

Comments:

- Ecole Gabriel-Dione has a particular project dealing with French Immersion.

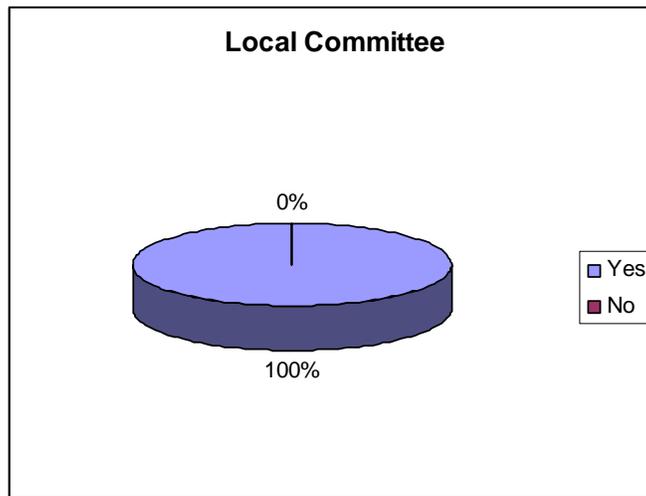

Listed below are the services offered by the community groups and businesses of Tête-à-la-Baleine:

- Assist in development of course outline
- Materials
- Equipment

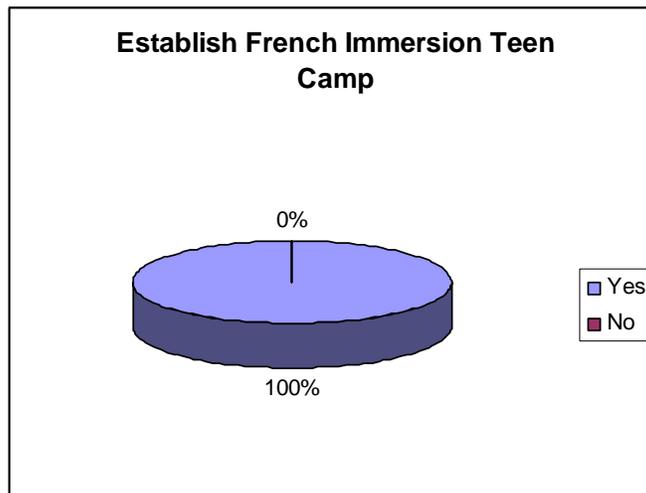

Other Comments and/or Suggestions:

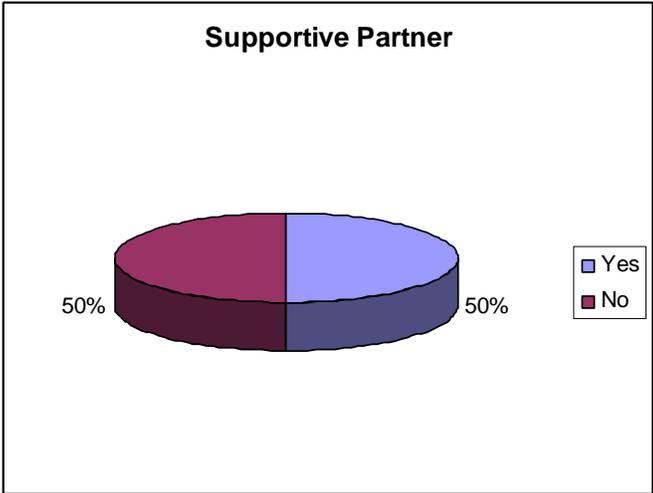

- Could stay in Ecole Gabriel-Dione
- Absent during most of summer holidays

**Lourdes de Blanc Sablon**

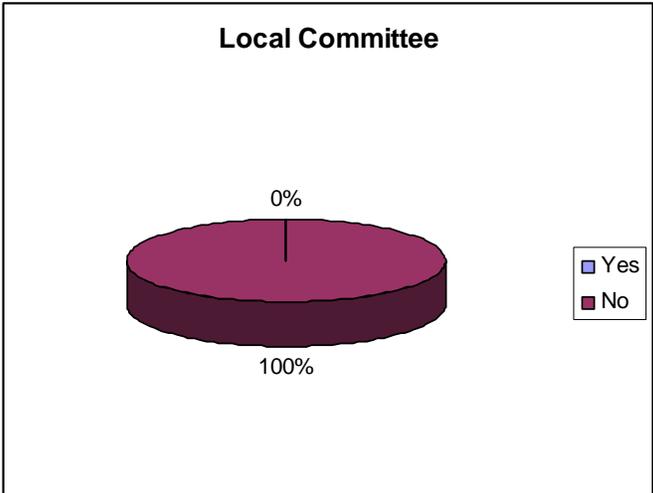

There were forty (40) surveys sent out to the community groups and businesses in Lourdes de Blanc Sablon and two (2) received. The following is the results based on the completed survey(s):

Listed below are the services offered by the community groups and businesses of Lourdes de Blanc Sablon:

- Assist in development of course outline

## Population

There were two thousand and eight (2008) surveys distributed to both Anglophone and Francophone communities along The Lower North Shore, and thirty-five (35) surveys were received.

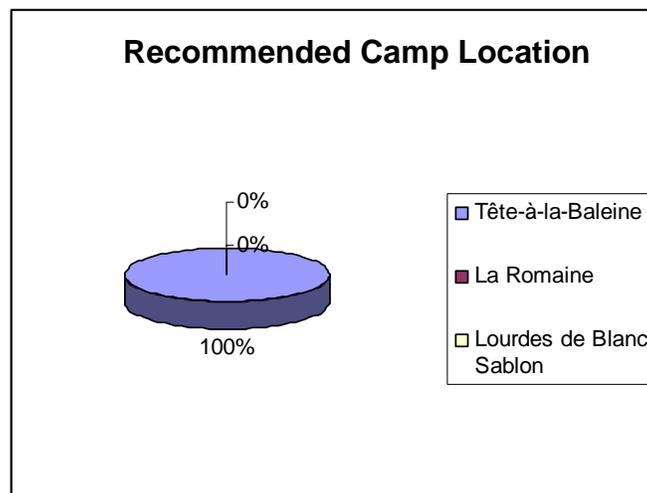

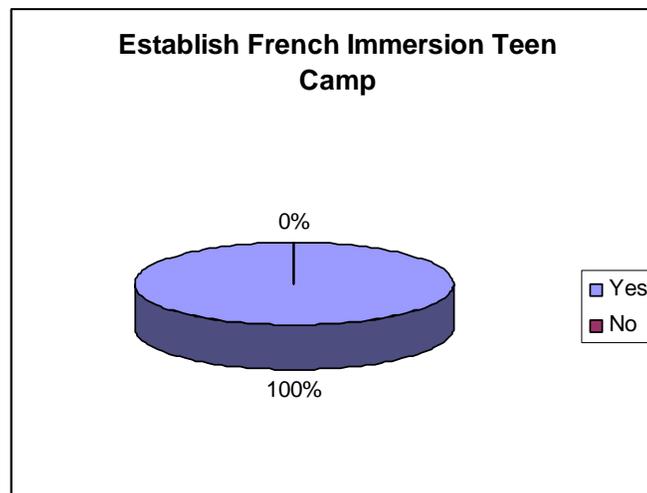

### Francophone Communities

#### La Romaine

There were three hundred and sixty (360) surveys sent out to the population of La Romaine. Due to the duration of the project, the translation of surveys and the time requested to answer the survey there were no responses received.

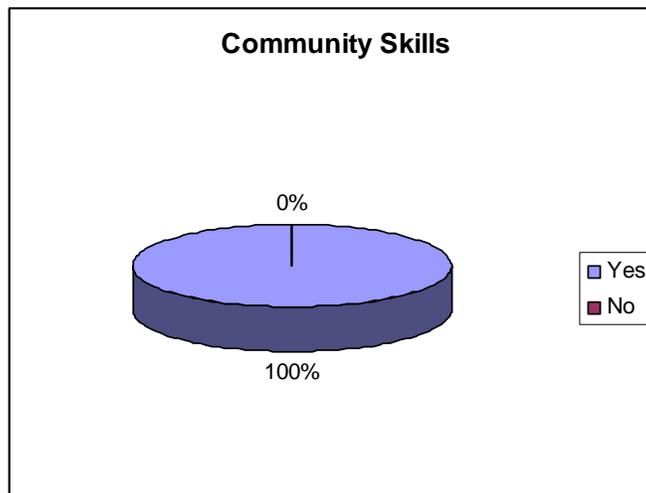

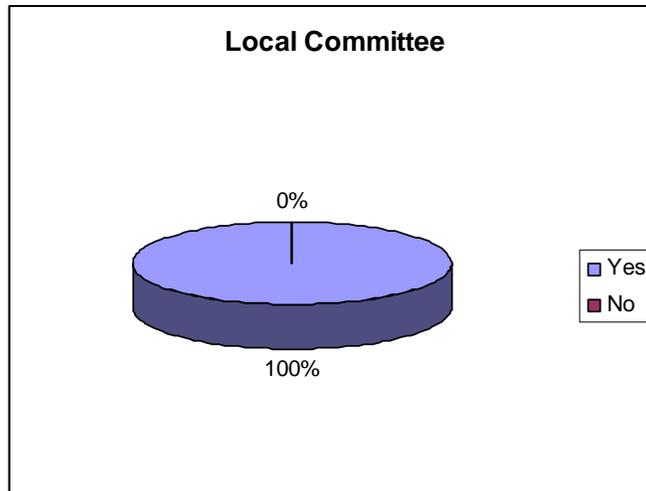

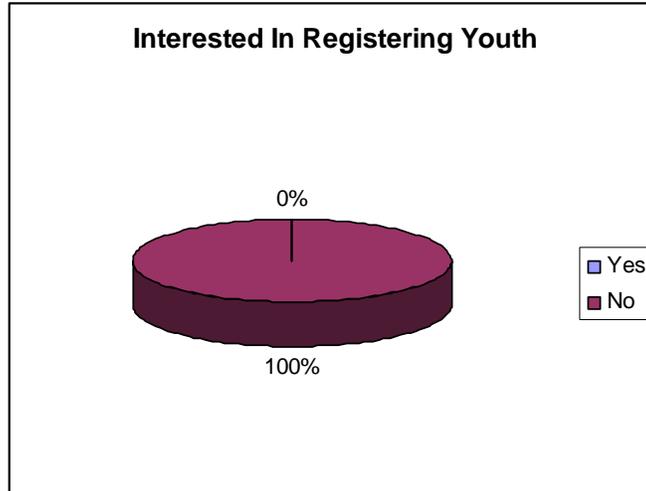

#### Tête-à-la-Baleine

There were sixty-seven (67) surveys sent out to the population of Tête-à-la-Baleine and two (2) received. The following is the results based on the completed survey(s):

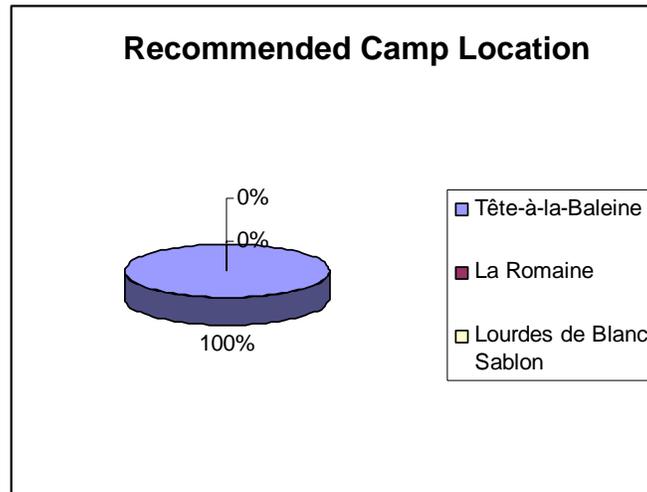

Comments:

- Tête-à-la-Baleine is centrally located.

Listed below are the skills offered by the population of Tête-à-la-Baleine:

- Local Transportation
- Environmental Skills
- Artistic Skills

Reasons:

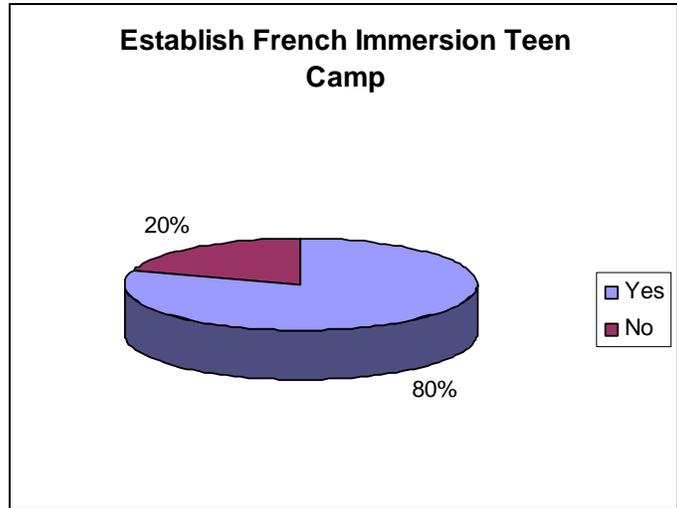

- Access to many resources (Kayaking, indoor & outdoor sports etc)

Other Comments and/or Suggestions:

- Very good initiative
- Excellent project

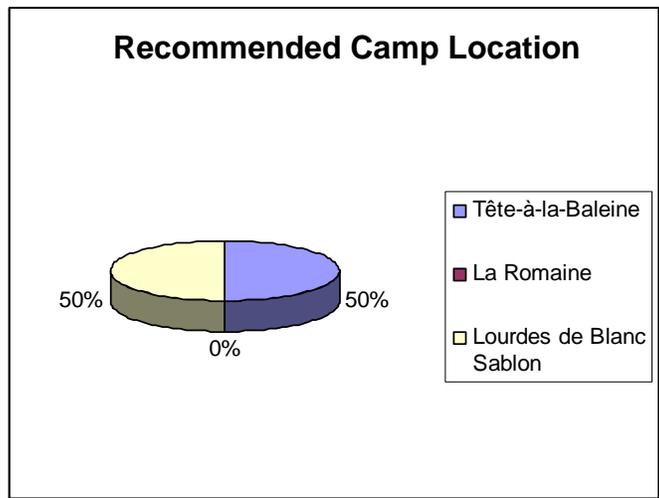

**Lourdes de Blanc Sablon**

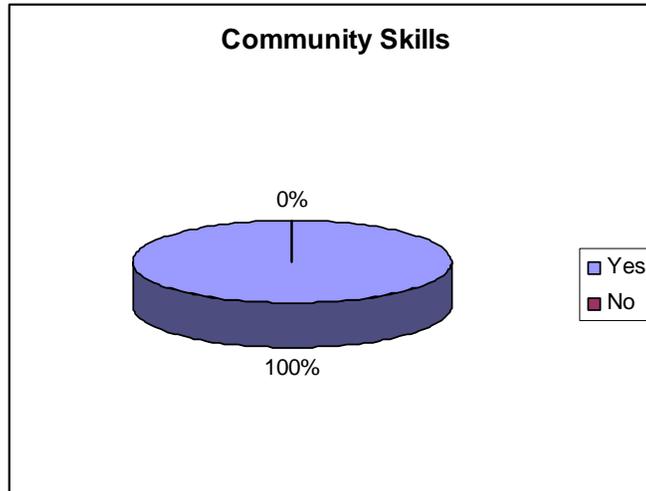

There were three hundred and seventy-five (375) surveys sent out to the population of Lourdes de Blanc Sablon and five (5) received. The following is the results based on the completed survey(s):

Comments:

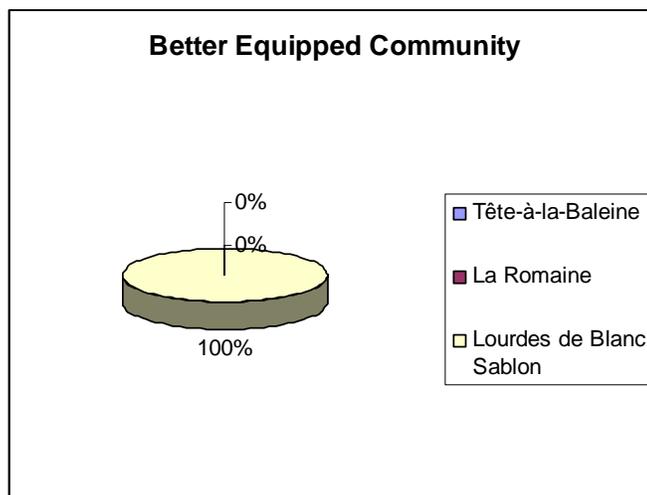

- We do not need it. On the coast the current status quo is sufficient
- Interesting for youth
- Very good idea

Listed below is an example of some of the skills offered by the population of Lourdes de Blanc Sablon:

- Cooking
- Cleaning
- Housing
- Local Transportation

Comments:

- Lourdes de Blanc Sablon speaks too much English
- Lourdes de Blanc Sablon has larger facilities

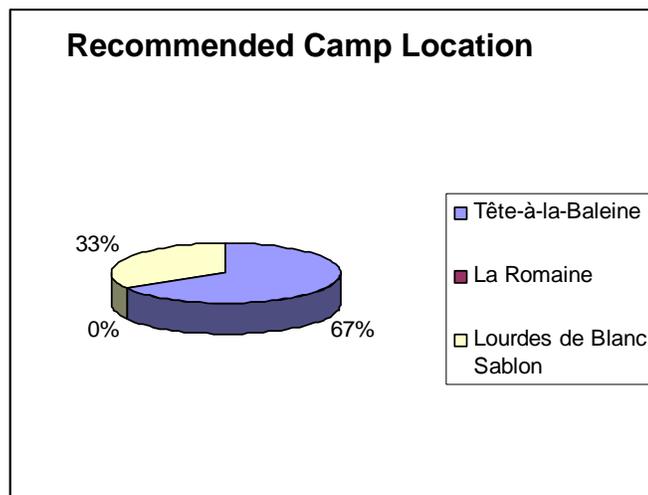

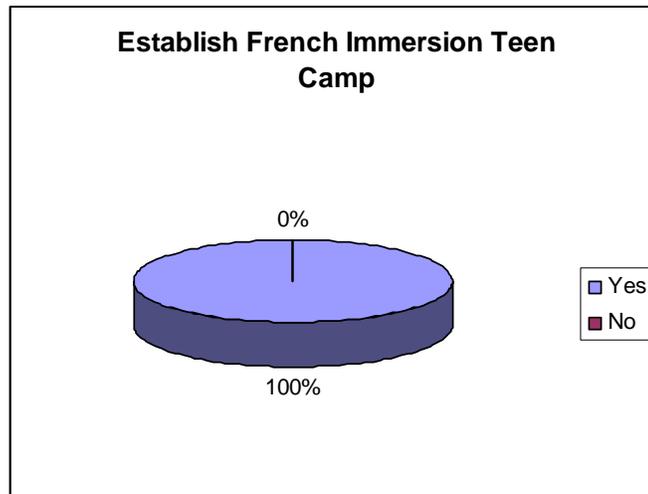

## Anglophone Communities

### Kegaska

There were fifty-eight (58) surveys sent out to the population of Kegaska. There were no responses received.

### Chevery

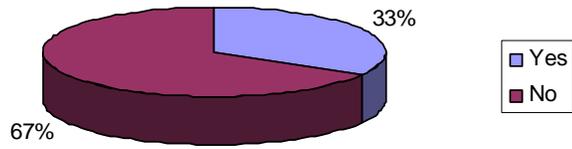

There were one hundred and ten (110) surveys sent out to the population of Chevery and three (3) received. The following is the results based on the completed survey(s):

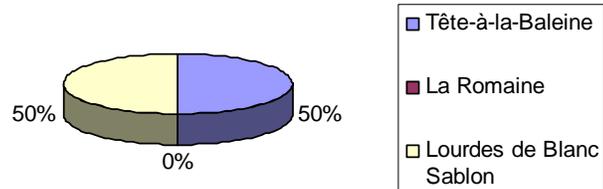

Reasons:

- Least amount of English speaking.

### Interested In Registering Youth

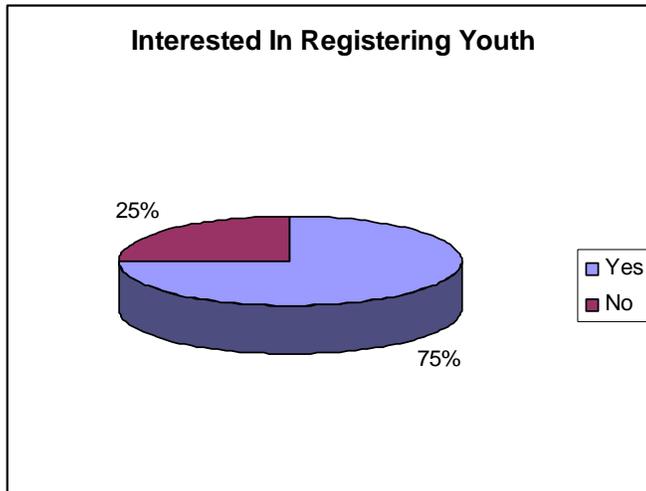

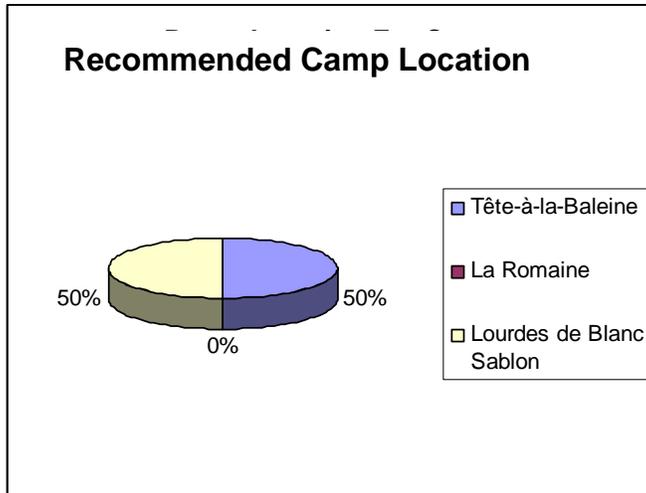

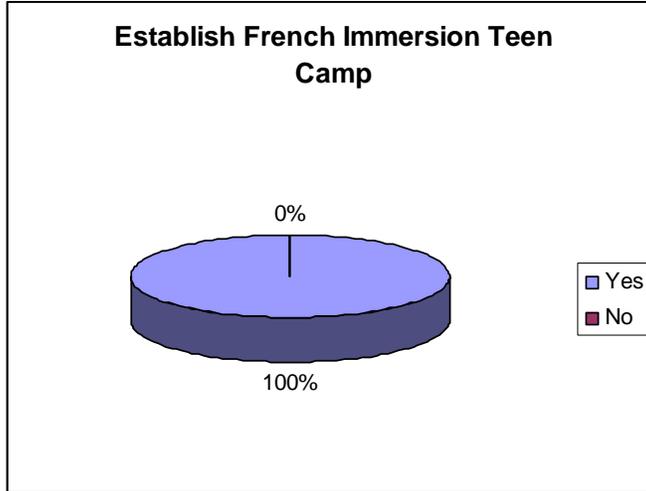

### Better Equipped Community

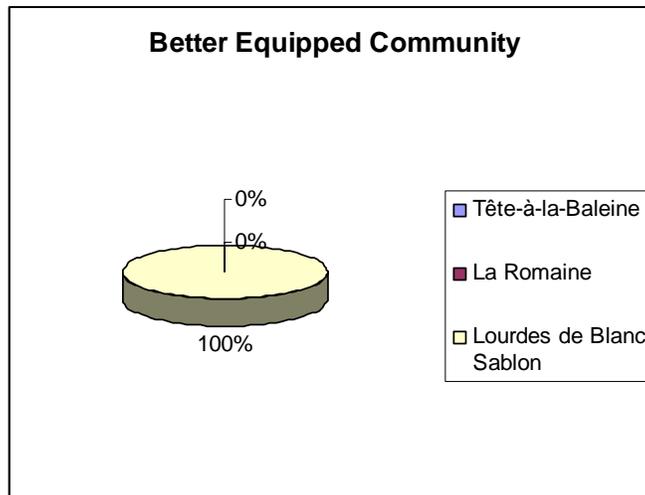

**Harrington Harbour**

There were ninety-three (93) surveys sent out to the population of Harrington Harbour and four (4) received. The following is the results based on the completed survey(s):

Listed below are the parents and youth who are interested in registering for the camp:

Parent	Youth
Monica Anderson	Jordan Nadeau
Denise Poulin	Cody Poulin
Rowena Osbourne	Vanessa, Krista and Sabrina Osbourne

Other Comments and/or Suggestions:

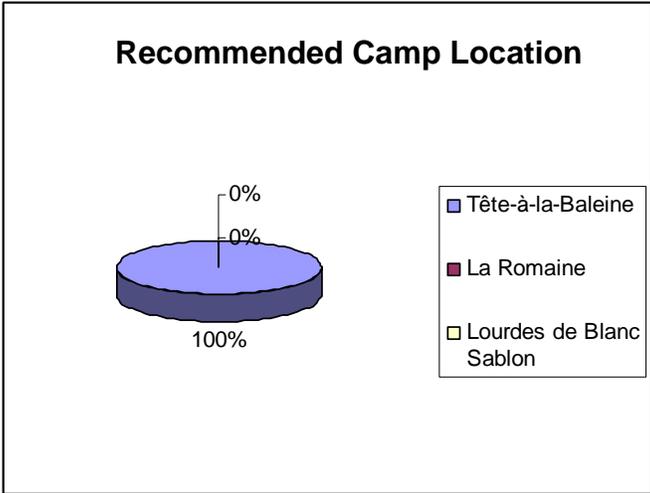

- Great idea
- Hopefully camp will help the younger population become more functionally bilingual

**Mutton Bay**

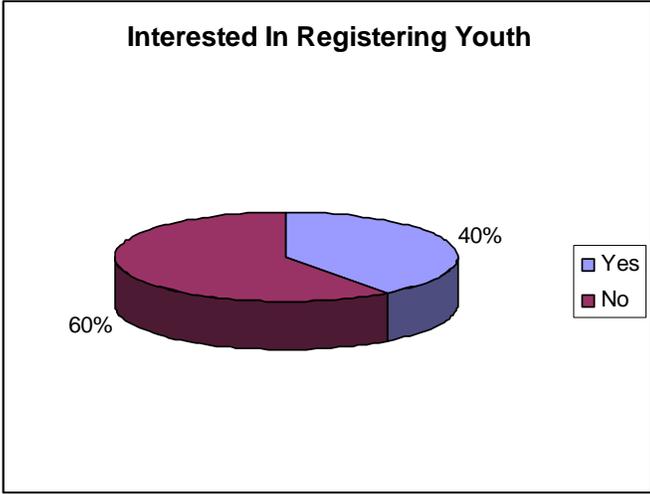

There were sixty (60) surveys sent out to the population of Mutton Bay. There were no responses received.

**La Tabatiere**

There were one hundred and ninety (190) surveys sent out to the population of La Tabatiere and five (5) received. The following is the results based on the completed survey(s):

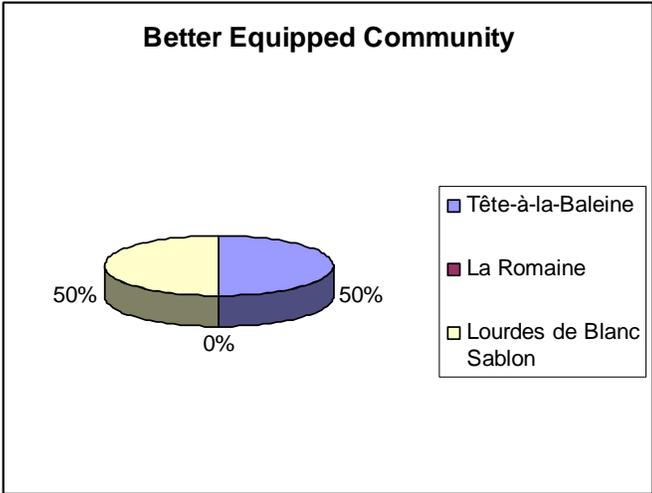

- Reasons:
- Centrally Located

Listed below are the parents and youth who are interested in registering for the camp:

Parent	Youth
Alice Collier	Mason Organ

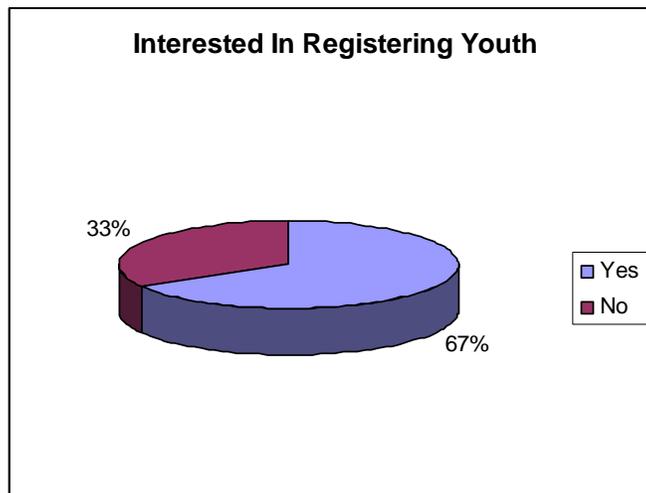

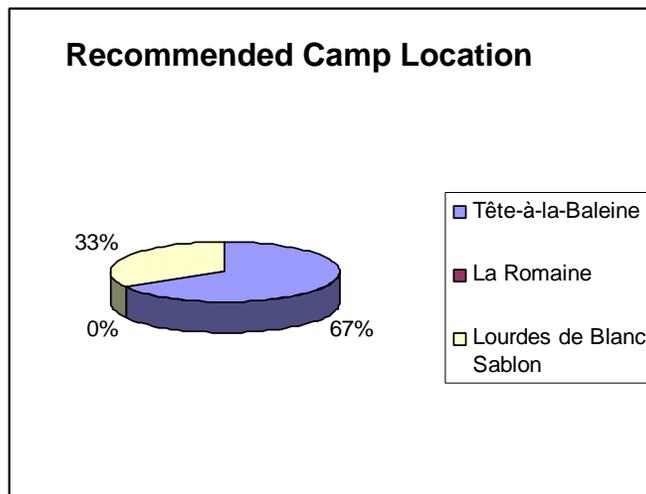

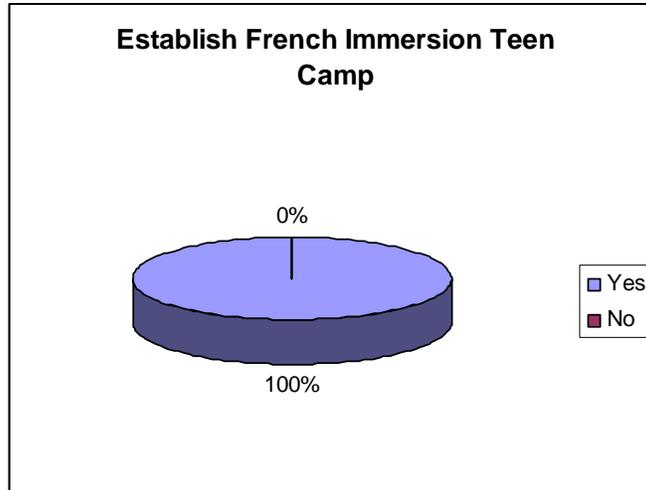

Other Comments and/or Suggestions:

- Essential that teens develop French skills
- Would like to see teen camp in La Tabatiere
- The youth need to be exposed to French only

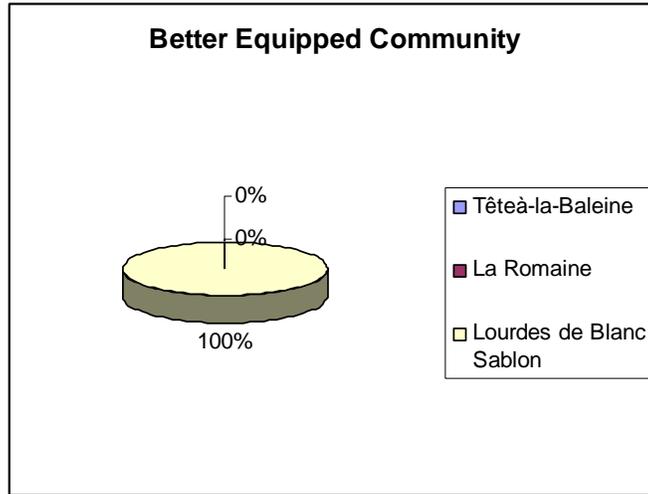

**St. Augustine**

There were three hundred (300) surveys sent out to the population of St Augustine and three (3) received. The following is the results based on the completed survey(s):

Listed below are the parents and youth who are interested in registering for the camp:

Parent	Youth
Ginger Driscoll	Gilmore Maurice
Martia Martin	Tanner Martin

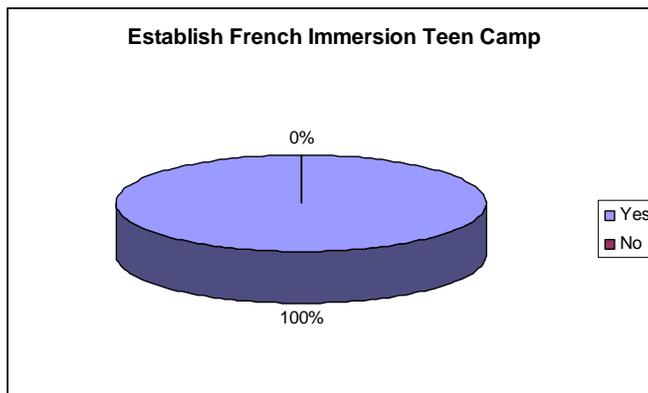

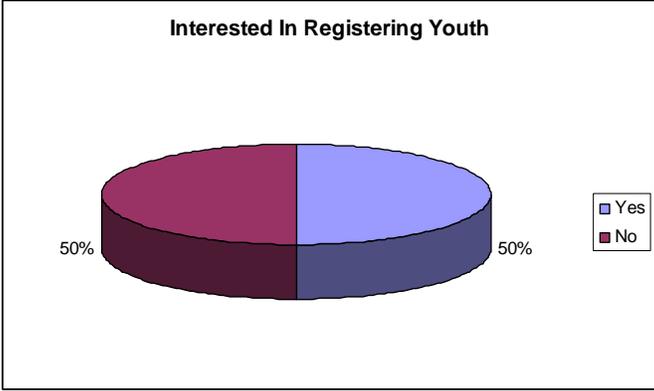

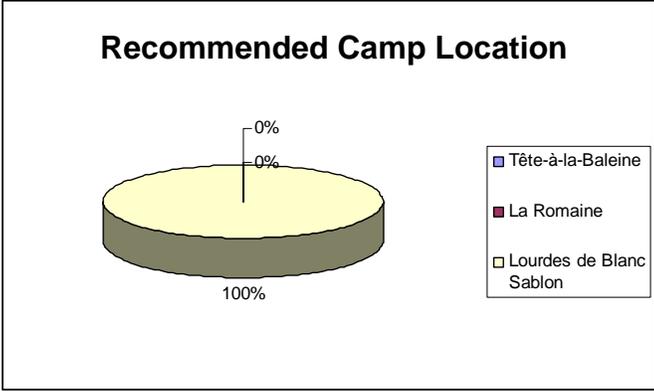

Other Comments and/or Suggestions:

- Beneficial for our teens
- Urgently needed

**Old Fort Bay**

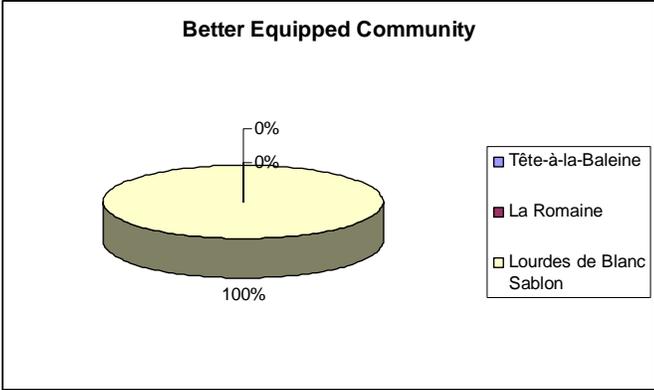

There were one hundred and five (105) surveys sent out to the population of Old Fort Bay and two (2) received. The following is the results based on the completed survey(s):

Listed below are the parents and youth who are interested in registering for the camp:

Parents	Youth
Annie May Anderson	Tyler Fequet

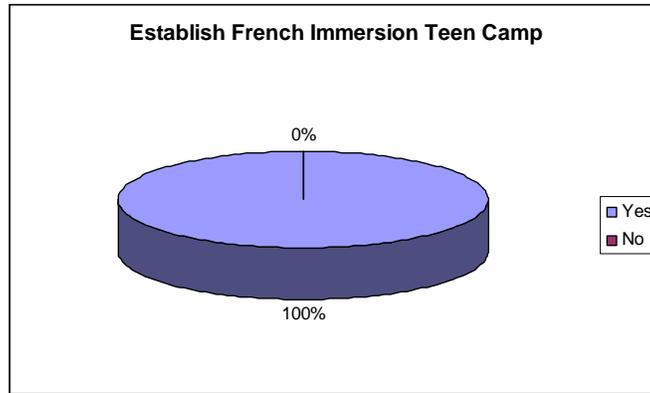

Other Comments and/or Suggestions:

- Exposing youth to French is crucial to their overall learning

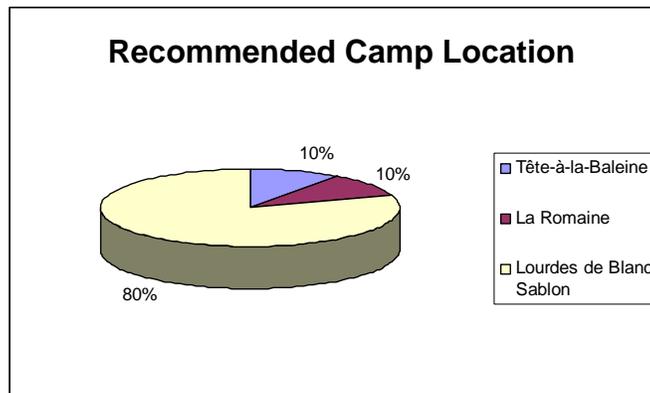

**St Paul's River**

There were one hundred and seventy (170) surveys sent out to the population of St Paul's River and eleven (11) received. The following is the results based on the completed survey(s):

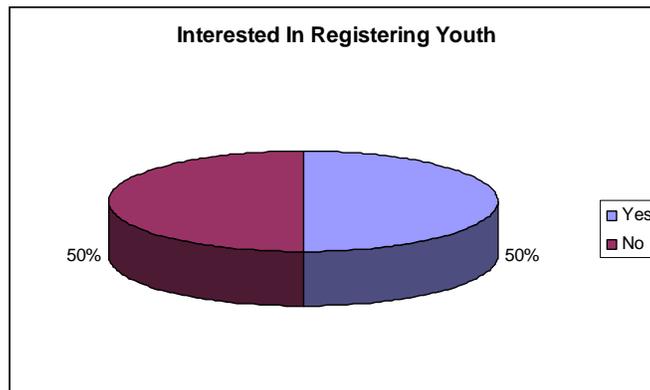

Comments:

- Terrific idea.
- Excellent way for the youth to become bilingual.

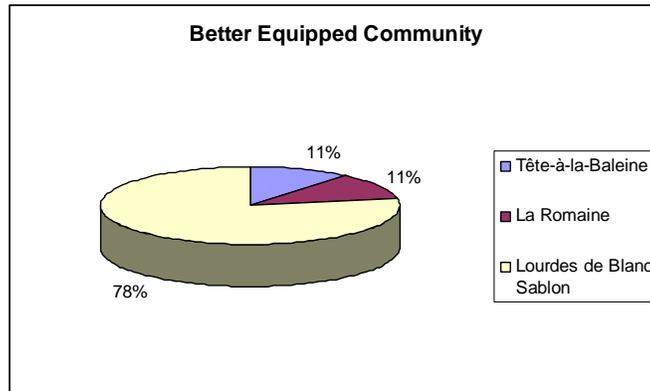

Comments:

- Prefer camp to be close to home
- Lourdes de Blanc Sablon is a larger community
- Lourdes de Blanc Sablon has more facilities

Listed below are the parents and youth who are interested in registering for the camp:

Parents	Youth
Elaine Nadeau	Candace and Brittanie Roberts
Trina Fequet (off coast)	Latesha Fequet
Stephanie Roberts (off coast)	Ashley Roberts
Nita Walsh	Steven Walsh

Other Comments and/or Suggestions:

- Teenagers will be provided excellent opportunity to improve second language skills.
- Great to have every summer for new generations to be involved and experience a French environment.

**Middle Bay**

There were nineteen (19) surveys sent out to the population of Middle Bay. There were no responses received.

**Brador**

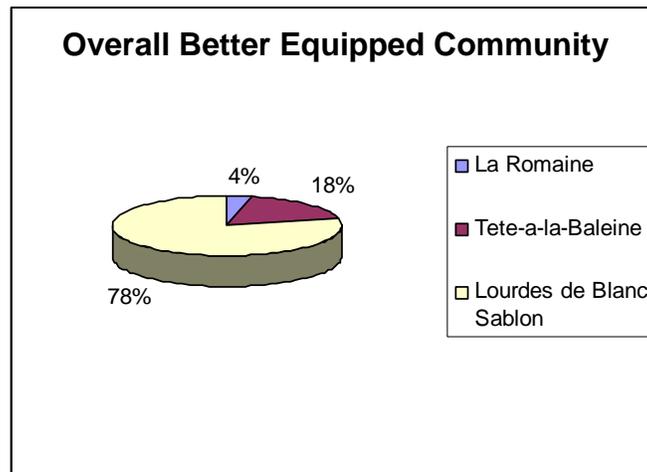

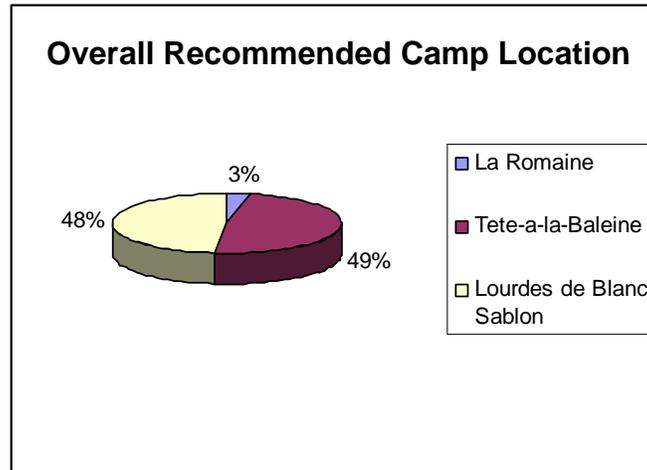

There were three hundred and seventy surveys sent out to the population of Brador. There were no responses received.

**Blanc Sablon**

There were one hundred and one (101) surveys sent out to the population of Blanc Sablon. There were no responses received.

# Section III

## Future Planning

## **Next Steps**

Due to the deficit in French as a second language among the youth, our goal now is to implement a French Immersion Teen Camp to promote the development of programming teens, through a French Immersion environment that will lead to the improvement of their physical and mental well being, artistic growth, environmental awareness and promote language development. While the possibility of establishing a French Immersion Teen Camp is being researched, funding is also required to ensure the implementation and continuation of the camp in 2009.

### **Recommendations:**

- Employ a full-time coordinator to continue the French Immersion Teen Camp initiative
- Determine the location of the camp (in a French community)
- Determine if selected community has required infrastructures available
- Meeting with stakeholders
- Submit an application to the Forum Jeunesse Côte Nord for funding
- Form a committee in the selected community to operate the camp on a day-to-day basis
- Plan and Prepare for the implementation of the French Immersion Teen Camp in 2009 (if funding is obtained)
- Get seniors to be involved in services (i.e. expertise)
- Population survey conducted at random via telephone
- Conduct surveys at different time of the year

## **Conclusion**

Since we live in a very isolated area, it is a challenge to find new and exciting activities to interest the youth. We do not have the same amenities as a larger community, therefore we must be creative and imaginative in creating a place where the teenagers can interact with other teens, learn about themselves, develop their skills and just have fun.

Unfortunately we have received a very low response ratio to the surveys that were dispersed to the population and community organizations/businesses due to the fact that the majority of the population on the Lower North Shore is away during the summer months in order to find employment. Therefore a follow-up survey via telephone should be conducted during the upcoming fall and winter season.

Based upon the results of the surveys, there was a tie between Tête-à-la Baleine and Lourdes de Blanc Sablon for the recommended camp location, and Lourdes de Blanc Sablon was the recommended community which is better equipped in terms of infrastructures, soccer fields, baseball fields, etc.
