

ANNUAL REPORT

April 1, 2022 to March 31, 2023

OUR MISSION

Housed at Concordia University in Montreal, Canada, the Quebec English-Speaking Communities Research Network (QUESCREN) provides opportunities to promote the understanding and vitality of Quebec's English-language minority communities through research, training, knowledge mobilization, networking, and outreach.

QUESCREN's offices are at the Loyola Campus, Concordia University.

OUR WORKING GROUPS

Advisory Board

The Advisory Board provides advice to support QUESCREN's strategic directions and securing of resources. [Consult our advisory board member list.](#)

Inter-Level Educational Table (ILET)

ILET brings together representatives from the continuum of Quebec's English-language educational institutions and associations, along with community groups and the public sector. QUESCREN supports the Table through research, knowledge mobilization, and promoting collaboration. [Consult our list of ILET members.](#)

COM-Unity Project Community of Practice

The working group brings together seven partner organizations from the arts, culture, heritage, and education sectors; representatives from the Secrétariat aux relations avec les Québécois d'expression anglaise, the project funder; and staff from QUESCREN/Concordia University to set directions and share practices of the COM-Unity project.

COMMUNITY OUTREACH

Research Requests

This fiscal year, QUESCREN responded to **21 research requests** from stakeholders on a range of topics related to English-speaking Quebec, including evaluating projects and services related to the English-speaking community; youth mental health and literacy; and decision-making in schools.

Community Development Plan

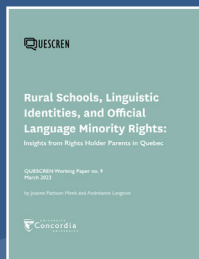

QUESCREN has also been working with QCGN and other community organizations in developing a **2022-2027 Community Development Plan**. In 2022-2023, Patrick Donovan co-chaired the Data Roundtable in the first part of the year, and was replaced by Lorraine O'Donnell in the second half.

KNOWLEDGE MOBILIZATION AND ONLINE RESOURCES

Our online and social media presence continues to grow, which allows us to reach out to the English-speaking communities in Quebec as well as those interested in minority language and related issues. In addition, QUESCREN initiatives were featured in **11 mainstream media articles or broadcasts**. (See [here](#))

Social media

Facebook

This year our bilingual **Facebook page** featured an average of two posts per week. We invite you to become a friend if you have not done so.

YouTube

Our **YouTube channel** preserves all recorded QUESCREN events. This year we added 6 videos. We invite you to **subscribe** to our channel.

Website

Our **bilingual website** is an important tool for knowledge mobilization and networking support.

Notices

QUESCREN Notices bring attention to our key activities. We produce at least one per month.

Online databases

QUESCREN's state-of-the-art online research resources support production of research and evidence-based policy development.

Bibliography on English-speaking Quebec

This **bibliography**, which Brendan O'Donnell has been compiling since the 1970s, contains secondary sources related to the study of English-speaking Quebec. Resources include everything from scholarly studies to magazine articles, by way of films and websites. This year Brendan added 326 titles to the bibliography, bringing the total number of entries up to 14,284. This invaluable resource was searched 25,712 times by 21,974 unique visitors. Thanks to Brendan for his decades of volunteer work on this!

Community Knowledge Open Library (CKOL)

The **Community Knowledge Open Library (CKOL)** is a growing online full-text database listing of grey literature sourced from the province's English-speaking community groups. Grey literature is unpublished but non-archival material made available to the public, such as annual reports, research reports, lectures, PowerPoints, newsletters, and pamphlets. So far, 42 community partner organizations and individuals from across Quebec have joined the project. We had three cataloguers working on this in 2022-2023, and we catalogued a total of 3,663 resources, up from 1,530 the year before. Knowledge of this relatively new resource is growing, with 1,595 unique visitors in the past year, up from 471 the previous year. In addition to our core funding, a grant from **Health Canada**, supported by **Dialogue McGill at McGill University**, allowed us to add hundreds of new resources related to health and social services.

PROJECTS

COM-Unity

The [COM-Unity initiative](#) brings together seven partner organizations from the arts, culture, heritage, and education sectors, whose individual projects aim to explore, celebrate, and **share the stories that reflect English-speaking communities and build a strong sense of identification with Quebec.**

QUESCREN manages the project and its Community of Practice. The partners are: the [Black Community Resource Centre](#), [Blue Metropolis](#), the [English Language Arts Network](#), the [Leading English Education and Resource Network \(LEARN\)](#), the [Quebec Anglophone Heritage Network](#), [Seniors Action Quebec](#), and [Y4Y Quebec](#). The [Secrétariat aux relations avec les Québécois d'expression anglaise](#) funds this project.

ILET Research Hub

The ILET Impact pilot project involves collaborating with the Inter-Level Educational Table (ILET) to **create a website** addressing knowledge gaps on English-language education in Quebec. The website will include **films, podcasts, infographics, and other resources** related to research priorities identified by the Table. In 2022-2023, three short films were recorded along with a podcast. The website will be launched later in 2023. The [Department of Canadian Heritage](#) finances this project.
