LOOKING FORWARD TO THE EIGHTIES..

**36th ANNUAL CONVENTION
Concordia University - Loyola**

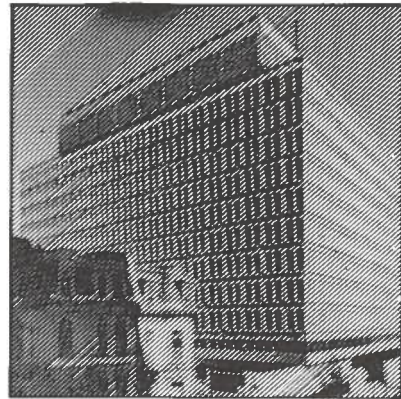

MAY 2-3, 1980

Concordia University, Montreal

Loyola, West End Campus

Sir George Williams, Downtown Campus

Concordia - one university, two campuses, and room enough to grow. We're Quebec's youngest university, yet we have all the benefits inherited from our two founding institutions.

That's why when it comes to teaching, and university life in general, Concordia is able to bring flexibility in its approach to meet the needs of a changing society while maintaining a firm hold on important traditional values in education.

Do you know that...

- We offer Undergraduate and Graduate Studies.
- We have 4 faculties: Arts and Science, Commerce and Administration, Engineering, Fine Arts.
- Our 4 faculties offer programmes ranging from Andragogy to Zoology.
- We offer Bachelor's, Master's and Doctoral Degrees.
- We have Certificate and Diploma Programmes.
- We have a unique Building Engineering programme that combines a B.Eng. (Civil) and an M.Eng. (Building)
- We have on-campus residence facilities and an off-campus housing service.
- Many of our programmes can be tailored to suit your individual needs.

- Our downtown and west end campuses have a connecting shuttle service.
- Approximately 26,000 full-time and part-time students attend Concordia.

And that at Concordia...

- You can study part-time or full-time both day and evening.
- You can enter in January.
- You can study during the summer, both day and evening.
- We offer a Mature Student Entry Programme.
- You may be eligible for entry into a Self-Elected Specialization Programme or our Undergraduate Scholars Programme.
- Our Faculty of Arts & Science offers you membership in small units called Colleges or Institutes.
- We are members of the Canadian Inter-Collegiate Athletic Union.
- We have 1 year General Arts & Science Certificates.

There's a lot more we'd like to tell you about Concordia and what we can offer you. Let's get together about it.

Our people will be glad to assist you.

Please send me more information

Home'n School Awards

LESLIE N. BUZZELL AWARD
For outstanding service to Quebec Federation
FAY RICHARDSON

Fay was born and educated in the United States, where she trained as a registered nurse. She married and moved to Montreal in 1955 and became involved in Home and School at the local level when the oldest of her five children began attending school. At Algonquin Elementary School she served as Chairman of Class Mothers, Membership Chairman and President. Fay has also served on the Mount Royal High Home and School executive in several positions, including two terms as President (1976-78) and is still a member of their Home and School executive as well as the School Committee.

On the provincial level she has served Quebec Federation as area representative, 1973-74; as a Vice-President in 1974-75 and as Executive Vice-President in 1975-76. She is presently Membership Chairman and has been so for the past two years. This year she also assumed the chairmanship of the Membership Development Committee. This committee has undertaken to hold mini conferences in various areas of the province off the island of Montreal. To date conferences have been held in the Gaspé, Magog, Aylmer/Hull region and Quebec City.

Fay has also handled the Leadership Conference and Annual General Meeting arrangements in 1974-75 and 1975-76. Mrs. Richardson has also represented Quebec Federation at national meetings of the Canadian Home and School and Parent-Teacher Federation as one of their delegates.

The Buzzell Award is meant to recognize service to Quebec Federation on the provincial level and the furtherance of the aims and objectives of Home and School. Fay Richardson is an outstanding example of the qualities this award honors.

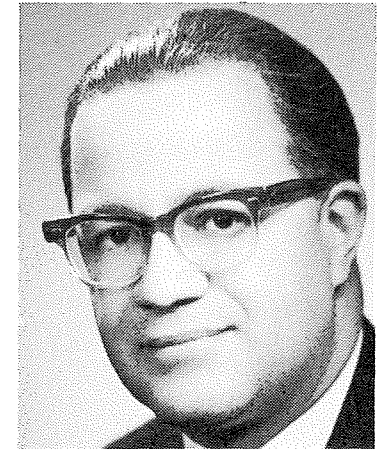

GORDON PATERSON AWARD
For outstanding service to the education of children
WILLIAM RALPH

Bill Ralph has been a principal, vice-principal and teacher for thirty years, including two years as head of the Science Department at Lachine High, one year as vice-principal of Riverdale High School and four years as vice-principal of Lachine High. For the past nine years he has served as principal of Lachine High School, as well as continuing to teach Physics.

He has been Honorary President of the Lachine High Home and School Association during these nine years and has participated fully in all their activities both locally and provincially, including the preparation of resolutions. The local association feels that Mr. Ralph has done an exceptional job of encouraging rapprochement between the school and the parents; between the teachers and the students and between the Home and School and the School Committee. The unusual degree of cooperation between Lachine High School and the community and between Lachine High and its feeder schools must be credited almost entirely to his untiring efforts.

The Gordon Paterson Award is given to honour an outstanding educator who has also encouraged parent participation in the education of their children and involvement with their school. William Ralph exemplifies these qualities.

President's Message

On behalf of the Board of Directors I welcome all delegates, members, observers, and guests to the 36th Annual Conference of the Quebec Federation of Home and School Associations.

We live in a constantly changing world. We are accustomed to this phenomenon in the contest of commercial products and we readily accommodate to it because in that domain there is a freedom of choice which enables voluntary adjustment. When social changes alter basic educational and political institutions, however, because individual freedom to choose is more constrained, we tend to be more hesitant and doubtful in our response to changes.

This year's conference addresses the question of where society in general and education in particular is going in the Eighties. What is enduring amidst our social change is the basic concern of parents for the welfare of their children. What can we, as parents, do to ensure that foreseen changes are for the benefit of our children and not to their detriment? To sketch out the foreseeable changes and their implications we have invited distinguished speakers to address you.

The workshops are designed to permit a more intimate setting wherein panelists and audience can exchange views and explore implications. Those attending the conference have the opportunity to sample several facets of the changing social scene by visiting workshops which have been scheduled to run concurrently during the workshop sessions.

We are very indebted to our speakers and panelists for their willingness to share with us their experience and ideas. Their leadership in helping us formulate the nature of future challenges and the modes of appropriate response is very deeply appreciated indeed.

Sincerely,

Calvin Potter

CONSIDER STANSTEAD COLLEGE

Stanstead College, a boarding school for boys and girls from grades 7 to 12 since 1872, offers a first rate academic programme to students from 12 countries and 5 Canadian Provinces who share our 620-acre campus 90 miles east and south of Montreal and at the top of U.S. 91.

Hardiness, self-reliance, and neighbourliness, the values of local residents who built and paid for this border community's first little red brick school house in 1817, are the qualities that characterize Stanstead College today.

This is a country school where intellect, hard work, athletic prowess, humour and a good heart are respected. The curriculum is aimed at university entry in the U.S.A. and Canada. The limited size of classes, individual attention and rigorous academic standards contribute to a well-rounded education which goes far beyond minimum requirements. We take advantage of our location to provide a strong French language programme as well as a Spanish option. Regular evening study sessions are held, with supervision depending on each student's monthly performance. Each student is assigned a teacher as adviser to help with organization and performance, and most students stay with the same adviser throughout their stay.

For a country school with country values, Stanstead is well endowed with sophisticated equipment including a computer featuring the flexible PDP 11 configuration, a large well-equipped gymnasium, ice hockey arena, 25 metre indoor swimming pool, squash and tennis courts, running track, cross country ski trails and access to superb downhill skiing. SCHOLARSHIPS AND BURSARIES ARE AVAILABLE

CONVENTION PERSONALITIES

The Future of English Language Universities in Quebec

Dr. Stanley Brice Frost received his education in England and Germany where he obtained his PhD at Marburg. He is an ordained minister of the Methodist Church.

He came to Canada in 1956, was appointed Professor of Old Testament Studies, Faculty of Divinity, McGill University, and became Dean the following year. Six years later he was appointed Dean of Graduate Studies and Research. In 1969 he became Vice Principal (Administration and Professional Faculties). In 1975 he took up his present responsibility as Director of the History of McGill Project.

Dr. Frost is a Past President of the American Association of Theological Schools and the Canadian Association of Graduate Schools. He has written a number of books, contributed to many journals and other works including the Encyclopedia Britannica. He has honorary degrees from Memorial and Victoria Universities.

Challenge, Change and Opportunity

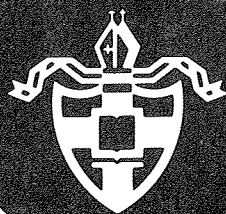

Reginald K. Groome is a native Montrealer and is probably equally well known for his work with the Hilton organization, his devotion to the scouting movement and his involvement with the Montreal Board of Trade, Canadian Chamber of Commerce and other groups.

He started out in life by graduating from Montreal High School and McGill University. He cut his business teeth with a Montreal publishing company, the CBC International Service and as an overseas correspondent for seven major Canadian dailies.

He joined Hilton Canada in 1957 as Director of Personnel and Labor Relations at the Queen Elizabeth Hotel. He is now Chairman of the Board, Hilton Canada. He also holds directorships in six other corporations.

He has received awards from two Governors General for his work for Scouts and Cubs; in addition, his contribution to Canada has been recognized with various citizenship awards. He is also a member of the 12-man Geneva-based World Scout Committee.

| 9:30 - 10:00 a.m. | REGISTRATION | Fish Bowl, Hingston Hall | |
| 10:00 a.m. - 12 noon | CONCURRENT WORKSHOPS | <p>9) PITFALLS OF YOUTH — ADDICTIONS 126 Jim Anderson of the Police Technology Department at John Abbott will show a film on some of the services available to youths, while Dr. Alan Mann, Psychiatrist in Chief, Montreal General Hospital, and Dr. Peter McLeod, Associate Professor in Medicine and Pharmacology, McGill University, will discuss the psychological aspects of drug abuse, shoplifting, smoking and anti-social behavior in teenagers.</p> <p>10) CRISES IN FAMILIES — HOW FAMILIES COPE 166 Rev. Bryan Pearce, Certified Pastoral Counsellor (C.A.P.E.) and staff member of the Diocesan Counselling Center, will discuss major crises in family life and how they affect school-age children—divorce, separation, etc.</p> <p>11) DROP-OUTS — A DEAD END OR A NEW BEGINNING? 165 Dropping out of high school need not necessarily mean a dead end. With the proper guidance and the right kind of on-going training opportunities it can mean a chance for meaningful careers. This workshop will present a more positive approach to the problem of drop-outs and will include a discussion of alternative educational possibilities and/or on-the-job training. Panelists will include the following: Bruce Kelly, Teacher, LaSalle High School Extended School. Selma Greenblatt, Guidance Counsellor, John Abbott CEGEP. Geoffrey Dunn, Chef, Hyatt Regency Hotel. Plus students from LaSalle Extended School and John Abbott CEGEP.</p> <p>12) PSYCHOLOGICAL EFFECTS OF BUSING 125 We concern ourselves with the safety aspects of busing, but what about the other effects? What psychological factors come into play when children sit on a bus for two or three hours a day? Bus drivers look after our children and supervise them as much as and more than some teachers. A learned psychologist, Dr. Henry Feenstra, will tell us what stresses are placed on the children, what we should be doing other than safety, and courses that are now in operation to train bus drivers in child management. A very interesting speaker from far-off Markdale, Ontario, and a very timely subject.</p> <p>13) PROGRAMS FOR THE HANDICAPPED 101 What effect does mainstreaming handicapped children into the public school system have on the curriculum, on the other students, on the handicapped students themselves? Reverse mainstreaming—does it work? Resource people from the Mackay Center for Deaf and Crippled Children. Panelists: Owen Buckingham, Principal, Seignior School, Lakeshore School Board. Karen Hulme, MacKay Centre for Deaf and Crippled Children, Liaison Officer between handicapped children and regular schools. A parent of a handicapped child.</p> | |

| 12:30 - 2:00 p.m. | LUNCH | A light sandwich lunch will be served in the Main Conference Room or delegates may eat in the student services cafeteria. | |
| 2:00 - 3:25 p.m. | CONCURRENT WORKSHOPS | 1) FAMILY LIFE AND MORAL AND RELIGIOUS EDUCATION AT HOME AND IN SCHOOL Mrs. Margaret Capes , human awareness consultant with the PSBGM and Mrs. Connie Middleton-Hope , Assistant Director General for the School Council of the Island of Montreal, will lead a discussion with parents on how to reinforce sex education in the home and school as well as discuss moral education. 2) THE PUBLIC SCHOOL DILEMMA — ACADEMIC INSTITUTION OR SURROGATE PARENT Public elementary and high schools are continually faced with the dilemma of who they are. Is their role to instruct children in academic and manual skills, or is it to be a compassionate and long-suffering parent trying to change the attitudes of many socially maladjusted children? Mr. C. Ford , Principal of LaSalle High School, PSBGM Mr. W. D. Stafford , Principal of Woodland Elementary School, PSBGM | 166 165 → |

| | | | |
|------------------|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| | | <p>3) WATER — FRIEND OR FOE? A subject such as drowning may sound rather morbid, but our speaker, Dr. Gary Johnson, known throughout Canada as a leading expert on the subject, will tell us what actually happens from a medical point of view. Dr. Johnson will also touch on other aspects of water injuries and, judging from the response he has received in other parts of the country from his talks, this should be the highlight of our workshops.</p> | 125 |
| 3:25 - 3:50 p.m. | COFFEE BREAK | <p>4) CULTS II Professor Frederick Bird, Dept. of Religion, of Concordia University will conduct a workshop on cults similar to the extremely popular one held at last year's AGM.</p> | 126 |
| 3:50 - 5:15 p.m. | CONCURRENT WORKSHOPS | <p>5) SAFETY PROGRAMS Mr. Yves Mondoux, Executive Director of the Quebec Safety League, will explain the various safety programs available in schools, as well as discuss all aspects of school bus safety.</p> | 166 |
| | | <p>6) SPACE AGE EDUCATION Your child will probably be taught by a computer in the very near future. What may he or she be expected to learn? Computers are here to stay, not only in education, but in all facets of our daily lives. Because of this, computer literacy becomes of primary importance. But how will this computer literacy be brought about? What role will the school play? What can be done in the home? How will the instruction be delivered—through giant brains, or tiny personal computers? These are some of the questions to be answered by the speaker in this workshop. A question and answer period will follow. Speaker: Dr. Glenn F. Cartwright, Associate Professor, Dept. of Educational Psychology and Sociology and the Centre for Teaching and Learning Services, McGill University; the Director of the Division of Educational Computer Applications, McGill and a practising psychologist.</p> | 126 |
| | | <p>7) PROVINCIAL EXAMS A presentation and panel discussion of high school examinations. What types are used, how marks are calculated and why they vary as they do. Mr. G. Humair, Coordinator, high school leaving exams, PSBGM Mr. Robert Rae, Vice-Principal, Malcolm Campbell High School, PSBGM.</p> | 125 |
| 5:15 - 6:15 p.m. | HAPPY HOUR | Faculty Club | |
| 6:30 - 8:00 p.m. | DINNER | Main Conference Room. Speaker: Reginald Groome Mr. Groome is Chairman of the Board and President of Hilton Canada Limited, as well as being Past-President of the Montreal Board of Trade. | |

| | | | |
|-----------------------|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---|
| 8:15 - 9:45 p.m. | PLENARY SESSION | <p>CHALLENGE, CHANGE AND OPPORTUNITY Topics to be covered: Classe d'accueil Plan d'Action Speakers: Dr. Ellen Adiv, Research Officer, French as a Second Language, PSBGM. Owen Buckingham, Principal, Seigniory Elementary School, Lakeshore School Board, and Chairman, QFHSA Educational Advisory Committee. Miss Rhoda Tafler, French Consultant, PSBGM.</p> | |
| 10:00 p.m. - midnight | HAPPY HOUR | Faculty Club (or continuation of business session if required) | |
| | | There will also be available in the Fish Bowl a continuous showing of the CTV television program The National Driving Test which was shown on December 4, 1979 and was watched by almost three million viewers. | → |
