Keynote Speaker

Marie Wahba has been an educator for over 30 years. She is the proud mother of two children and her daughter followed her lead by becoming a teacher. Marie was a French teacher in elementary and taught from pre-kindergarten to grade 6. She later accepted the challenge of becoming an administrator in an elementary school. Since Marie has always been passionate about pedagogy, she accepted the position for the assistant director of Educational Services at the Lester B Pearson School Board. Her dossiers included the libraries which she wanted to transform into Learning Commons. Today she is the Director of Educational Services and continues to support 21st century learning skills!
