# VISION

Gaspé - Percé Now

is a non-profit organization founded in 2004. Vision continues to work with and on behalf of the English-speaking community from Manche-d'Épée to Corner of the Beach. Vision has become the "go to" resource for our community.

## ● VISION WORKS WITH:

CISSS to improve access to health and social services.

Community partners in delivering health and social services.

Schools to support healthy living and prevention programs

## ● WHAT WE DO:

Represent the English-speaking community on numerous committees.

Provide health and information sessions.

Promote local community events - financial support and information sessions.

Support local non-profits with project development and grant applications.

Provide the community with resource materials on services available.
