Many thanks to Jesse S

We would also like to express our gratitude to the following supporters, without whom the Writers in the Community program would not be possible:

The Quebec Writers' Federation acknowledges the support of the Conseil des arts et des lettres du Québec, and of the Canada Council for the Arts, which last year invested \$153 million to bring the arts to Canadians throughout the country.

## STAR OF HOPE by S

So I can wash my sins away

Moon, Star of Islam
Mosque every Friday
Malcom X, Muhammed Ali, Civil Rights
Activism that brings me to my black culture
Allah - A higher power to look for when in need
Hard to pray five times a day
When your heart is dismayed
Waiting for Ramadan

## LOST by S

Shivering and shaking in the freezing cold
Snow falling from the pine trees
White covered bears in the distance
Worried...can't find my path
Disoriented
In the blurry green and white of never-ending forest
Look to my compass and start heading south
See a snowy street, salvation, walk another day

## STUCK by S

Woke up.
Look to my right.
No window.
Supposed to stay here for a day.
My father sent me away.
Away from home.
Like I'm stuck in a dome.

# TRUST NONE by S

Most of these people are fake
When you finally have a break
They get greedy
Even when you sit them to eat
They'll finesse you and steal the whole seat
Leave you on the line, find yourself sinking
Then they go home thinking...
You haven't connected the dots.
Next time, I'll hide my treasure in a different spot

#### RIDE OR DIE by Z1 & D

When I look into your eyes
It's as pretty as the sunshine
Give me one more chance
To prove you I'm a good guy
Last time I saw you
I was so happy I wanted to cry
You were my ride and die
You were the only thing in my life

### GORILLA by C

I'm hungry, I need to eat
I got really big feet
I got a wide nose and
Long toenails on my toes
I own the jungle
I hunt in the day
To find my prey
I got fleas and I'm jumping in trees
Free. Eating leaves

## **CURIOSITY** by S

My hands clench and twitch
I'm tired, exhausted, angry
Curiosity burning
Like putting a circle in a square
Doesn't fit
Doesn't work
Tired of waiting
Tired of lies
False hope
Holding back is a pain
But I have to play the game.

# SIMPLY WILD by M

I am running wild
I am free to do what I want
I eat when I feel like it
I don't if I don't want to
And that's it

## HOPE IS A DREAM by H.K.M64

Hope is a dream
To become successful in my life
And stay away from trouble
Family is always the first thing
On my mind
Thinking about them
And hurts me to be without them
Them thinking about me
That I can do better
I CAN DO BETTER!
Hope is the future

### WORST DAY by H.K.M64

Waking up, nervous, waiting for transport
Pick me up, standing, sitting, up and down, constantly
Line me up, thinking, where will I go,
Heart Beating. Faster and Faster
Heart beating. Faster and Faster
160 days. Damn.
Put me inside, too much time, mad, angry,
Gotta deal with it. No choice. Can't leave.

# POLLUTION by H.K.M64

Dirty pollution on the streets
Trucks making loud noises
Water flooding from the hydrants
People fighting with fists and voices
All this crime and pollution
Needs a solution

# SOFT RELIGIOUS by H.K.M64

8 hours without eating
Praying five times a day
For Allah to take me away
Eating on a date 8 hours later
Feasting like a king
Reading the Quran and praying to Allah for all my sins
Going to the mosque every Friday
That feeling. The soft religious carpet.

## ALWAYS THERE by AL

Always There

They are always there

For me.

No matter what

And that's what is

Most important

To me.

To live my life with them.

## DREAMIN' by AL

When someone is drowning

Their heart races

And starts...to slow down...

The brain goes dead

They have dreams of whatever they want

And their lungs fill with water

## HOPE IS IN YOUR HEAD by THE GROUP

Hope this time goes faster

Get back together

That things will rise, will change.

Hope is a dream, sometimes useless, to keep us in line

Hope is a dream, sometimes hard, a punch in the gut

Hope is a dream, of getting through, not getting caught

Hope is not caught up in trouble.

Hope is for help.

Fresh memes and good times that don't die.

Hope is family, back home together.

Never letting love go again.

Hope is becoming successful. I hope I hope I hope. Every day.

No hope, no future.

My niece and nephew on a better path.

The world could end, some days I hope.

But life keeps going, hope keeps going.

Hope is in your head.

## HOPE IS A DREAM WITH MOM by N

I hope I get to see my mother
It's what I think about every night
Nothing else matters
With all this time on my hands
I'm thinking about time
Time spent & time wasted
I picture us free and together
Not caught up in our troubles
Then time will be on our side
Hope is our future

# IN n OUT CHALLENGE by N

BMX bike through Fairview
Saw it once on youtube
Took the challenge, see how long it takes
Before Security nabs you
In n' Out, sounds like fun to me
Rode right through the front
People talking, picture, all eyes on me
Twist and swerve, ride through then bounce
Few minutes was enough.
Forget it, I'm gone.

# BEAR POUMPOUM by H

Waking up after the winter
Hungry.
Skinny.
When I went to bed,
I was fat.
Now I'm looking for bear poumpoum.
I'm looking for salmon too.

## LION SEES BLOOD by Z

I yawn

Not scared of no one I see

On a mountain

I see a gazelle over there.

I see blood

I stretch.

I move towards it.

Very quickly.

I catch him easy.

The king of the jungle.

# C'EST LUCKY L'MEILLEUR by Z

C'est Lucky

l'meilleur

Est ce-que t'entend

Les femme m'appelle

J'les parle pas mais je les entend

Je rente chez moi

La nuit les femme m'attend

Je vien du 400 est ce-que

Les gars dise chu

Le meilleur sa sa ses cs que tetand.

# POLITICAL FICTION by V

Why do you say you work hard? You work in an office

All you do is count money and then steal profits.

While in other places, people need clothing, working hard and sewing

My musical heart beats, I hear it throbbing

Politicians are just fiction, they say something but they do nothing

Lies and lies built up make separate sections

I bet no one will choose the best person for the election

Like I said, politics is just fiction.

I'm in a cell, I can tell, the people who need it

The bad ones just feed it, the good ones we see it.

I'm like a plant that is planted but on the wrong planet

I'm like a dark ghost call me dark phantom

I hit the bad ones, I call scum that drink rum, fat like a big lump

As bad as the big fat clown Donald Trump

## IGLOO WARNING by S

North pole melting away
Flooding our streets and homes
Going to end up living in a dome
Either we freeze the water and start over
Or we use a lucky clover
And stop it before it starts
Start using electric cars
Use bikes too
Unless you want to live in an igloo

## NOISE POLLUTION by C

The stress of never sleeping
The louder the truck, the darker the smoke
I can't think! All that fucking noise.
Trucks always passing and waking us up
Life turned into a constant scream
War sounds banging in my ears
Maybe...electric cars...will calm it down.

#### **GROUP POEM - ANEMIC COLD**

Shivering. Freezing I wish I had someone to hold. Cold, anemic winds. Frozen hands. Fallen tree trucks, blocking the way All around me, evergreen trees This beauty surpasses the horizon Tears frozen on my cheeks Snow falling from the pine trees Snow covered bears, seen in the distance My heart beats faster Try my walkie-talkie, nothing but static Loss of vision Lost like a child. Cold and tired. Disoriented. Without a path. Suddenly the sun shines, an opening The compass leads me south.
