

YD THE YELLOW DOOR
LA PORTE JAUNE

VOLUNTEER WITH
THE YELLOW DOOR
URBAN GARDEN

The Yellow Door, a non-profit organization running intergenerational programs for the community, is looking for volunteers to help out in our Urban Garden.

In the alley behind the Yellow Door building (3625 rue Aylmer) we have a tiny urban garden. Last year we are able to grow vegetables, herbs, and flowers in raised-bed planters – creating a little more green space in our downtown community.

From May to September, we are looking for volunteers who are available Monday through Friday between the hours of 10 AM - 5:30 PM, to help with planting, watering, & weeding. No previous gardening experience necessary – just a willingness to get your hands dirty! Will only be in Montréal for part of the spring/summer? Not a problem, we could still use your help.

If interested in helping out, or if you have any questions, please contact Ann, YD Administrative Coordinator & Urban Garden Project Manager, at admin@yellowdoor.org.
